Referring to your letter of the 12th instant , under 381370 , I beg to say that you correctly surmise that my letter of the 7th ultimo , addressed to Leon E. Isabelle Blanc applied for the S E ¼ 4 46 22 W 4 M , and there is no conflict although the misdescription in my letter of the 7th above alluded to naturally caused you to believe that the conflict existed.

Memorandum:-

The Agent at Edmonton reports the application of Mr. Leon F. Pare to purchase Battle River Lot 9C, on the South East quarter of Section 14, Township 46, Range 22, West of the 4th Meridian.

Lot 9C was at one time entered [illegible] Mr. Pare, upon which he appears to have made improvements; but in April, 1900, he filed an abandonment stating that he wished to go into cattle extensively, and desired to go farther north. Last December, however, he applied to buy this lot, together with the S.E.¼ of Section 14. I may mention that while Section 14 is in Township 46, Range 22, lot 9C is in section 7, Township 46, range 21. The agent was asked last month as to Mr. Pare's bona fides, and he states that he is assured that Mr. Pare is a settler intending to purchase the lands for his own use and occupation.

The lands are clear here, and it would appear as if Mr. Pare were wishing to acquire the lands for the purpose of legitimate farming. If you approve, they could be sold at the current rate and upon the usual terms. The first pay[illegible] to be made by the 14th June.

Ottawa, 4th October, 1911.

Sir,

Referring to your letter of the 21st August last, stating that Mrs. Louis Isaré has located Half-breed Land scrip on River Lot No. 26, Township 47, Range 1, west of the 4th Meridian, and asking if she has the permission to have embraced in her location 40 acres of the adjoining River Lot 25, which, you say, are now vacant, I am directed to inform you that the vacant parcel you allude to contains 41 acres, and that it has been decided, under the circumstances, to allow Mrs. Isaré to have included in her location the 40 acres of this parcel. She must, however, purchase the remaining 1 acres at the current rate of $5 per acre, payment to be made at the Agent of Location Lands at Edmonton at the time of location. A copy of this letter is being sent to the Agent, for his information, and he is being requested his authority when reporting the location.

Sir,

Adverting to my letter of the 4th ultimo, permitting Mrs. Maria Paré to include in her Half-breed scrip location 48 acres of Lot No. 25, Township 46, Range 21, West of the 4th Meridian, I am directed to say that, when such letter was written, the fact was overlooked that Mr. Henry Marsen, who obtained homestead entry for the Northerly 160 acres of this lot, had applied, when making his entry, to purchase the balance of the lot at the current rate of $3 per acre; and, as it is customary when disposing of such lots to allow the homesteader to purchase the excess over 160 acres, unless Mr. Marsen has abandoned his entry, it will not now be possible to permit Mrs. Paré to have the 48 acres in question embraced in her location. The Agent of Dominion Lands at Edmonton is being so advised.

With reference to Head Office Letter of 27th ultimo File 650796 I beg to inform you that Marie Pare has located scrip on 30 acres of the most northerly fraction of lot 25 Tp 46- R-21 W of 4th M and purchased the most westerly 18 acres of Northerly fraction of lot 25.

There is no record on file here to show that Mr. J. Marsen has ever tendered any money in payment for this 48 acres although he obtained entry for the balance of the lot on the 20th of July 1900.

Would it not be well to enquire before cancelling Marie Pare's entry if he is still desirous of acquiring this 48 acres.

Sir,

I am directed to acknowledge the receipt of your letter of the 9th instant, file 24714, stating that Mrs. Marie Paro has located under her half-breed scrip thirty acres of the most northerly portionof Lot No. 25, Township 46, Range 21, West of the 4th Meridian, and purchased the most westerly eighteen acres of the northerly fraction of the said lot; and to say that, before cancelling such location, you should inquire of Mr. Henry Larsen whether or not he intends to carry out the purchase of these forty-eight acres.

I am to point out to you, in this connection, that Mr. Larsen need only pay for the forty-eight acres in question after he has performed the homestead conditions on the land covered by his homestead entry, namely, the northerly 160 acres of the said lot 25; and should note that this rule holds good in all cases where an extender of a River Lot avails himself of the privilege granted him of purchasing the excess area.

Sir,

With reference to my letter of the 27th November last, I am directed to say that it has been observed that the part of thax Lot 25, Township 46, Range 21 W. 4th M., upon which Marie Paré located her scrip and purchased all the excess over the area covered by the scrip is the Northerly 48 acres of the said lot which is included in Joseph Marsen's homestead entry which covers the Northerly 160 acres of the lot in question and it will not therefore be possible to allow Mrs. Paré or her assignee, Leon E. Paré to retain the Northerly 48 acres. As Mr. Marsen has failed to reply to the notification sent to him by the Agent of Dominion Lands, at Edmonton, requesting him to advise the Department whether or not he wishes to purchase the excess over 160 acres of the said lot there will be no objection to allowing the location and purchase to be transferred from the Northerly to the Southerly portion of the lot. I may add that according to the recent plan of survey this lot contains 206 acres instead of 2 08 acres as shown on the previous plan and the portion to be covered by the location and purchase will therefore only cover 46 acres. Please advise the Department at your earliest convenience whether this proposed change will be satisfactory to your client.

Sir.

In reply to your letter of the 28th. ult. 4916 on 3623 I am directed to say that there appears to be no reason, so far as the the records of this office show, why Mr. W.A. Stoughton should not be allowed to to purchase the S.E. ¼ of Sec. 2--47--29 at the price of $3.00 per acre on the usual terms.

In view of the fact that unsettled lands, under the Act, are open for sale, the Commissioner is at a loss to know why the matter was submitted to him, it is however possible that you may have good reason for doing so, in such case, you should submit the particulars and in the mean time withhold carrying out the sale.

10. Any Certificate worn out, defaced, destroyed, or lost, may be renewed on payment of Two Shillings and Sixpence, and on compliance with such conditions as the Council may present.

11. The Company shall not be bound or affected by notice of any trust or any other right in respect of a Share than an absolute right to the whole Share in the registered holder thereof for the time being, and such right in case of transmission as hereinafter mentioned.

TRANSFER AND TRANSMISSION OF SHARES.

13. The instrument of transfer of any Share shall be under Seal, and in such form as the Council may approve, and shall be executed both by the transferor and transferee, and the transferor shall be deemed to remain the holder of such Share until the name of the transferee is registered in respect thereof.

14. The Council may, in their absolute discretion, without assigning any reason, decline to register any transfer of Shares not fully paid up to any person not approved by the Council.

15. Every instrument of transfer must be left, duly stamped, at the Registered Office of the Company to be registered, accompanied by the Certificate of the Shares to be transferred, and such other evidence as the Council may reasonably require to prove the title or right of the transferor to transfer the Shares, and by the payment of a fee of Two Shillings and Sixpence, and thereupon the Council, subject to the power vested in them by the last preceding Article, shall register the transferee as a Shareholder, and shall retain the instrument of transfer.

16. The transfer books may be closed during the fourteen days immediately preceding any Ordinary General Meeting.

17. The executors or administrators of a deceased Member, and in the case of Shares held on joint account the survivors or survivor, shall be the only persons recognised by the Company as having any title to his or their Shares.

18. Any person becoming entitled to Shares in consequence of the death or bankruptcy or marriage of any Member, or in any other way than by transfer, may, upon such evidence as may be required by the Council, either be registered himself as a Member in respect of such Shares, or, subject to the regulations as to transfer herein contained, may transfer the same to any other person.

CALLS.

19. The Council may make such Calls in respect of all moneys unpaid on Shares as they think fit.

20. Each Member and each joint holder of Shares shall be liable to pay the amount of every Call so made on him to the person and at the time and place appointed by the Council, and in case of default shall pay interest for the same at such rate as the Council shall fix, not exceeding ten per centum per annum, from the day appointed for payment of the Call to the time of actual payment.

21. The Council may receive all or any part of the moneys unpaid upon Shares beyond the sums actually called up, and allow

interest thereon at any rate not exceeding five per centum per annum for the period during which such moneys remain paid in advance of Calls by any Members.

LIEN ON SHARES

22. The Company shall have a first and paramount lien and charge upon all Shares for all moneys due and accruing due to it from and for all engagements with the Holder or any of the joint holders thereof.

23. Such lien or charge may by resolution of the Council be made available by a sale of all or any of the Shares subject thereto if the amount be not paid after 28 days' notice in writing to the indebted Member or his executors or administrators, or the trustee in his bankruptcy, requiring payment, and the Council shall apply the clear proceeds, after the payment of all expenses, in or towards satisfaction of such debts or engagements, and the residue of any shall be paid to such Member, his executors, administrators, or assigns.

FORFEITURE AND SURRENDER OF SHARES.

24. The Council may at any such time as the Call or other money shall remain in arrear and unpaid serve a notice requiring the defaulter to pay the same, together with the interest accrued, and expenses incurred by the Company by reason of such non-payment, on or before a further day not less than 21 days after the day first appointed, either at the Registered Office of the Company, or some other place at which Calls are usually made payable. The notice shall also state that in the event of non-payment at or before the time and at the place appointed the Shares in respect of which such Call or other money may be payable will be liable to be forfeited.

25. If the requisitions of such notice are not complied with, the Share may be forfeited by a resolution of the Council to that effect.

26. If any person becoming entitled to a Share in consequence of the death or bankruptcy of a Member shall not during three months after having therein required by notice from the Council be registered or cause a transfer to be registered, such Share may be forfeited by a resolution of the Council to that effect, together with

all dividends declared thereon since the death or bankruptcy of the late Member.

27. Any forfeited or surrendered Shares shall be deemed to be the property of the Company, and may be sold, cancelled, re-allotted, or disposed of as the Council shall think fit.

28. Any Member whose Shares have been forfeited shall notwithstanding cease to be a Member, but shall be liable to pay to the Company all Calls or other moneys and expenses owing upon or in respect of such Shares at the time of forfeiture, together with interest thereon.

29. A Certificate in writing under the Seal of the Company and the hands of two Directors, and countersigned by the Secretary, that a Share has been duly forfeited or surrendered in pursuance of the regulations of the Company, and stating the date, Article 23, shall be conclusive evidence of such fact as against all persons claiming the case may be, and also in favour of the purchaser of the Share, its transferee and assignees, so that the remedy of any person aggrieved by such forfeiture shall be against the Company, and in damages only, and the delivery of every such Certificate shall be made in the presence of the Council, and such Certificate and receipt for the purchase money signed by two Councillors and countersigned by the Secretary, for the proceeds of such Share shall constitute a good title to such Share.

30. On any sale after forfeiture or surrender of Shares, or of Shares sold under Article 23, the purchaser shall be registered as the proprietor of the Shares, and shall receive a Certificate, and shall hold the Shares discharged from all calls made prior to his purchase; and he shall not be bound to see to the application of the purchase-money.

31. The Council may at any time before any forfeited Share shall have been sold or otherwise disposed of, annul the forfeiture thereof upon such terms as they think fit.

32. The Council may, when any person entitled to a Share by the benefit or transmission of the Company, but not otherwise, accept a surrender of any Shares pertaining wholly paid up on such terms as the Council think fit.

INCREASE OF CAPITAL.

33. The Company may from time to time, whether all the

Shares for the time being authorised shall have been issued or not, by special resolution increase its Capital by the creation and issue of new Shares, such aggregate increase to be of such amount and to be divided into Shares of such respective amounts as the Company by the special resolution authorising such increase directs.

34. Subject to any direction to the contrary that may be given by the special resolution which authorises the increase of Capital, all new Shares shall be offered to such Members as are under the regulations of these presents entitled to receive notices from the Company in proportion to the existing Shares held by them. Such offer shall be made by notice specifying the number of new Shares to which the Member is entitled, and limiting a time within which the offer if not accepted will be deemed to be declined, and after the expiration of such time, or on the receipt of an intimation from the Member to whom such notice is given that he declines to accept the Shares offered, the Council may dispose of the same in such manner as they think most beneficial to the Company: provided that, owing to the proportion which the number of the new Shares bears to the number of the Shares held by Members entitled to such offer as aforesaid or from any other cause any difficulty shall arise in apportioning the new Shares or any of them in manner aforesaid, the Council may dispose of the Shares in respect of which such difficulty arises in such manner as they think most beneficial to the Company.

35. Subject to any directions that may be given by special resolution under the powers in these presents contained relating to the issue of new Shares, any Capital raised by the creation of new Shares shall be considered as part of the original Capital, and shall be subject to the same provisions with reference to the payment of Calls and the forfeiture of Shares on non-payment of Calls or otherwise as if it had been part of the original Capital.

PREFERENCE SHARES.

36. Any of the Ordinary Shares for the time being remaining unissued, and any new Shares from time to time to be created, may from time to time be issued with any such guarantee or right of preference, whether in respect of Dividend or of repayment of Capital, or both, or with any such other special privileges or advantages over any of the Ordinary Shares previously issued, and over any other Shares previously issued, or then about to be issued, or at

such a premium, or with such deferred rights as compared with any Shares previously issued as aforesaid, or then about to be issued, or subject to any such conditions and provisions, and generally on such terms as the Company may from time to time by special resolution determine. Any preferential rights may be permanent, temporary, fixed, redeemable, fluctuating, certain, or contingent as may be determined.

ALTERATIONS IN CAPITAL

37. The Company may from time to time exercise any powers which by the Statutes a Company limited by Shares may exercise if authorised by its Articles of Association so to do, including therein the power to reduce its Capital, whether paid up or uncalled, and either by cancellation of unallotted Shares or otherwise, and the power to divide its Capital or any part thereof into Shares of smaller or to consolidate the same into Shares of larger amount than that fixed by its Memorandum of Association.

GENERAL MEETINGS.

38. The first General Meeting shall be held at such time within four months after the registration of the Company and at such place as the Council may determine. Subsequent Ordinary General Meetings shall be held once at least in each year, at such time and place as the Council may determine.

39. The Council may whenever they think fit convene an Extraordinary General Meeting, and they shall do so upon requisition in writing by two Members holding in the aggregate Shares to the nominal amount of £1,000 of the issued Capital and expressing the object of the Meeting proposed to be called. If they neglect to do so for fourteen days after the receipt of such requisition, or any other five Members holding the required amount of Shares, may themselves convene an Extraordinary General Meeting, but no such requisition shall remain in force for more than two calendar months from the time when the same shall be deposited at the Office.

40. Five Clear Days' Notice of any Meeting shall be given specifying the place, the day, and the hour of Meeting, and in case of special business the general nature of such business, and such notice shall be given in manner hereinafter mentioned, or in such other manner as may be prescribed by the Council; but the accidental omission to give any such notice to any Member shall not

invalidate the proceedings at any General Meeting. Whenever any Meeting is adjourned for twenty-one days or more, at least seven days' notice of the place and hour of such adjourned Meeting shall be given in a like manner.

41. All business shall be deemed special that is transacted at an Extraordinary Meeting, and also all business that is transacted at an Ordinary Meeting, with the exception of declaring a Dividend, choosing a Chairman (if necessary), sanctioning a Dividend, choosing Councillors and Auditors and other officers in the place of those retiring by rotation, and voting their remuneration, considering the accounts and the Report of the Council, and passing any resolution relating to or arising out of the subject matter of such Report.

PROCEEDINGS AT GENERAL MEETINGS

42. No business shall be transacted at any General Meeting, except the election of a Chairman, if necessary, and the declaration of a Dividend, unless two Members shall be present in person or by proxy at the time when the Meeting proceeds to Council business.

43. If within half an hour after the time appointed for the Meeting five Members be not present, the Meeting if convened upon the requisition of Members shall be dissolved. In any other case it shall stand adjourned to the next day (not a holiday), at the same time and place. At such adjourned Meeting the Members present, whatever their number, shall be a quorum for the Meeting.

44. The President shall be Chairman at every General Meeting at which he is present. If there be no such Chairman, or if he be not present within fifteen minutes after the time appointed for holding the Meeting, or if he be willing to act, the Councillors present shall choose one of their number to act as Chairman, and if no Councillor be present, or if all the Councillors present decline to take the chair, the Members present shall choose one of their number to be Chairman.

45. The Chairman may, with the consent of the Meeting, adjourn any Meeting from time to time and from place to place, but no business shall be transacted at any adjourned Meeting other than the business left unfinished at the Meeting from which the adjournment took place.

46. At any General Meeting, unless a poll is demanded by at

least three Members holding or representing 100 Shares, and present in person or by proxy and entitled to vote, a declaration by the Chairman that a resolution has been carried, and an entry to that effect in the minutes, shall be sufficient evidence of the fact, without proof of the number or proportion of votes recorded in favour of or against such resolution.

47. The poll shall be taken in such manner as the Chairman shall at such time and place as the Chairman directs, and the result of such poll shall be deemed to be the resolution of the Company in General Meeting.

48. Members present at any General Meeting shall be entitled to appoint another Member as their proxy to vote in their stead, and any such proxy shall be entitled to vote on a show of hands. The instrument appointing a proxy shall be produced at the Meeting at which the person named in such instrument proposes to vote, and shall be deposited with the Council before the commencement of the business of the Meeting. No proxy shall be valid after the expiration of twelve months from the date of its execution. Every instrument appointing a proxy shall be in the following form, or as near thereto as circumstances will admit, that is to say:

"I, A.B., of , a Member of the Company, hereby appoint C.D. of , a Member of the Company, to vote for me and on my behalf at the General Meeting of the Company to be held on the day of , and at any adjournment thereof. Dated this day of ."

Every instrument appointing a proxy shall be signed by the Member making the same, or if such Member be a Company, shall be sealed with the seal of such Company.

VOTES

49. Every Member shall have one vote for every Share held by him, and every Member holding Shares shall be entitled to vote in respect of such Shares notwithstanding that he may be indebted to the Company in respect of any calls or other sums due thereon. No Member shall be entitled to vote at any General Meeting unless he shall have paid all calls and other sums due from him in respect of his Shares, and no Member shall be entitled to vote in respect of any Share on which any call or other sum is due and unpaid.

50. If any Member or any person appointed by any Member to vote for him shall be a lunatic or idiot, he may vote by his committee, curator bonis, or other person in the nature of a committee or curator bonis appointed by the Court which has jurisdiction in the matter, and such committee, curator bonis, or other person may vote by proxy. Evidence to the satisfaction of the Council of the authority of the person claiming to vote shall have been deposited at the office of the Company, not less than forty-eight hours before the time of holding the Meeting at which he proposes to vote, unless such evidence shall have been previously deposited with the Company on some other occasion.

51. If two Members unite in the purchase of any Share, whether as joint tenants or tenants in common, they shall be considered as one Member for the purpose of voting, and shall vote by a proxy appointed by them, or by the one whose name stands first in the Register of Members as one of the holders of such Share, and no other.

52. If any Member or any person appointed by any Member to vote for him shall be a married woman, she may vote by her husband or by her proxy, unless the Council shall require that the husband shall not vote, and shall have given notice to that effect to the wife at least seven days before the

time of holding such Meeting, furnished to the Council such evidence as they shall require of his or her title to represent such Member, unless the Council shall have previously admitted his right to vote at such Meeting in respect thereof, and Members attending General Meetings by such representatives shall be deemed personally present.

52. No Member shall be entitled to vote at any General Meeting or upon a poll whilst any Call or other sum shall be overdue and unpaid on his Shares, and no Member shall be entitled to vote in respect of any Share acquired by transfer unless he has been registered as the owner of such Share for at least one month previously to the time of holding the Meeting at which he proposes to vote.

53. Votes may be given either personally or by proxy. No person shall be appointed a proxy who is not a Member of the Company, and qualified to vote.

54. The instrument appointing a proxy shall be deposited at the Registered Office forty-eight hours before the time for holding the Meeting at which the person named in such instrument proposes to vote.

55. The instrument appointing a proxy shall be in the following form, or to the like effect:—

THE CANADIAN [illegible] COMPANY, LIMITED.

I, [illegible] of [illegible] in the County of [illegible] being a Member of THE CANADIAN [illegible] COMPANY, LIMITED, hereby appoint [illegible] of [illegible] being also a Member of the Company, as my proxy to vote for me and on my behalf at the Ordinary [illegible] General Meeting of the Company to be held on the [illegible] day of [illegible] 18[illegible], and at any adjournment thereof.

As witness my hand this [illegible] day of [illegible] 18[illegible].

COUNCIL

56. The first Council shall be nominated by the subscribers to the Memorandum of Association or a majority of them.

57. The qualification of a Councillor shall be the holding of one or more registered Shares in the Capital of the Company.

58. The number of Councillors shall be not less than four, nor more than nine; but continuing Councillors may act temporarily, notwithstanding their number being less than four.

59. The remuneration of the Councillors shall be such as the Company in General Meeting shall from time to time determine, and shall be divided between the Councillors in proportion to their attendance, or in such other mode as the Council shall determine.

60. If any Councillor shall be called upon to go or reside abroad on the Company's business, or otherwise to perform extra services, the Council may arrange with such Councillor such special remuneration for such services, either by way of salary, commission, or a stated sum of money, as they shall think fit.

POWERS OF COUNCIL

61. Dear Sir;-

May 29th. 1895

re N.E. quarter - Section 6 - Township 24, Range I - West of the 5th. Meridian.

By mortgage dated 8th. day of August, 1893, John Mc.Callum, among other property, mortgaged the above quarter section of land. A recommendation for Patent had already been granted to him on the 26th. May 1893 for the said lands. The principal and interest due on the mortgage not having been paid, the mortgage was foreclosed, and the final order of foreclosure granted on the 25th. day of May, 1893. and when the papers were lodged at the Land Titles Office here, we were informed that the foreclosure proceedings were inoperative as far as the quarter section of land was concerned, inasmuch that the land itself was in the Crown, although undoubtedly Mc.Callum had a mortgageable interest in it under section 73, sub-section 2 of the Act. It now becomes a question as to how these foreclosure proceedings apply, or can by made to apply to the above quarter section of land. We presume that Patent would be limited to the mortgagee on proper proof of transfer of interest and of foreclosure. We shall be glad if you will kindly advise us as to the proper course to pursue and as to what materials you would require as to our clients title.

If the mortgagee cannot enforce his security against the quarter section, it seems great inconsistency that the Land Titles Act should enact that a mortgage of land for which a grant had not been issued should be as valid as if the grant had been issued.

We have the honour to be,

Sir,

Your obedient servants,

Deputy Minister of the Interior

Office of Dominion lands,

Ottawa, 11th June, 1895.

Memorandum.

Mr. Hall.

It seems to me that Messrs. Costigan & Co. are unnecessarily disturbed about this matter. The Dept. of the Interior is the place to register transfers of lands, patents for which have not issued. Apparently this man acted within his rights in mortgaging his land, having received his recommendation for patent, and it seems to me that it will be a simple matter to safe-guard the interests of the mortgagee in the Dept. if Messrs. Costigan and Co. will forward the necessary documents. You might speak to Mr. Rothwell about this and reply accordingly.

Department of the Interior.

26th. June, 1895.

Gentlemen,

I have to advise you as follows, in reply to your letter of the 21st ultimo, with regard to the North East quarter of Section 6, Township 24, Range 1, West of the 4th. Meridian :-

In the first place let me point out to you that there is no inconsistency in the provisions of the Land Titles Act with regard to the filing of a mortgage in a Land Titles Office prior to the issue of a patent for the mortgaged land. It is not enacted by the provisions referred to in your letter, namely, those comprising sub-section 2 of Section 73 of the "Land Titles Act, 1894 "that a mortgage of land for which a grant had not "been issued should be as valid as if the grant "had been issued." But it is thereby provided that such a mortgage may be filed in the Land Titles Office prior to the issue of the patent ; that when the registrar receives the patent and prepares the certificate of title and duplicate certificate he shall endorse upon the latter a memorandum of the mortgage and that when so entered and endorsed the mortgage shall be as valid as if made subsequent to the issue of the patent.

Now

Messrs. Costigan, McCaul & Hays,

Barristers,

Calgary,

Alta.

Now, allowing that the land in question was not patented the provisions of Sections 74 to 78 clearly provide for the sale or foreclosure by the mortgagee of the party or's title, Section 75 providing for the registration, and although the foreclosure proceedings referred to in your letter appear to have been taken prior to the 1st January last, when it is act came into force, and were therefore, taken under the provisions of the Territories Real Property Act, the rights of your client would not be affected, even if the land was patented, in view of the provisions of Clause (b) of Section 7 of Chapter 1 T.O.O. (The Interpretation Act.)

The land in question was patented to the mortgagor, John McCallum, upon the 1st January, 1908, and if the mortgage you refer to was filed in the Land Titles Office at Calgary prior to the date the Registrar received such patent it was his duty to have endorsed memorandum of the mortgage upon the certificate of title in favour of Mr. McCallum.

The Registrar has therefore been furnished with a copy of this letter and a copy of your letter of the 20th ultimo, and has been requested to furnish a report stating all entries appearing in the records of his office respecting the mortgage generally, and the mortgage referred to in your letter particularly.

Department of the Interior,

[illegible], [illegible].

Sir,

I [illegible] to [illegible], herewith, a [illegible] received [illegible] of a letter [illegible] s. Mr is [illegible] ers of Colo., and a copy of the Secretary's [illegible], and to request, you to forward the re- [illegible] papers [illegible].

Re File 381907

Dear Sir:-

Replying to your favour of the 28th., June last re the North East ¼ Section 6, Township 24, Range 1 West of the 5th. Meridian we beg to state that all we wished to know regarding the matter was where the patent was. On searching at the Registry Office here we were informed that there was no Patent for this land, but the Registrar having received some notice from the Department managed to find the Patent and will issue a Certificate accordingly. It will therefore be unnecessary for us to furnish the Department with a duplicate mortgage or to trouble you any further regarding the matter and for your communication to the Registrar which induced him to hunt up the Patent.

We are much obliged to you for your letter of the 26 ult..

Yours truly.

Sir

Referring to your letter of the 20th Inst.
File 98195 in Re communication from Inspr
Costigan in Land and Bangs of this Town
I beg to report that the Grant to Mr Callum
was received in this office in August 93. but
no certificate was issued on it as the Land was
encumbered by the mortgage which is the subject
of Costigan's letter to the Department.
Mr Callum never applied to
for tendered the fees and the abstract-Book
only showed the mortgage so that I most probably
the Clerk who searched the Title inferred that
the Grant had not been issued. A previous Land
had been made and the Grant shown but they
evidently forgot about it. A book is kept with
an alphabetical list of all Grants of Unnumbered
lands which are unregistered and any one by
Enquiring can find out if a Grant on Lands is
issued - Inspr Costigan who Came now however
paid the Fees and taken out Mr Callums Certificate
They have also put in a Foreclosure order and
have taken out a new Certificate in the na

Dear Sir

In handing the inclosed statement I beg to say that I would be still upon my Homestead had it not been absolutely necessary for the welfare of my Cattle that I should take them elsewhere for a time. I made entry for the S.W. Section for the only purpose of making a home for myself and family, and have not changed my mind since. If any appearance of delapidation about my Homestead should have been reported it is owing to the fact of any quantity of implements having been destroyed or carried away the moment my back was turned.

If there are any further duties I must perform to obtain my Patent kindly let me know and I shall gladly comply with them.

As you will perceive by the inclosed Statement I have lived continuously

on the Homestead for between two and a half and three years. Kindly give all this your consideration.

Your letter of 13th inst. to hand. The land is not in any Indian Reserve and I presume the Indians have given consent, and does not come under the operation of the general Order in Council withdrawing all odd numbered sections from sale. The only thing that it is customary to reserve is the Coal Deposits, and this is mentioned in the Coal Mining Regulations. The Timber Regulations do not provide for the disposal of Government Timber

Ottawa, 19th June, 1886.

The Agent of Dominion Lands at Calgary refers here the application of Mr. George Stanley Grace to purchase the North West quarter of Section 15, Township 28, Range 26, West of the 4th Meridian.

Will you be good enough to read Mr. Grahame's memorandum in regard to the township in which this land is situated, in which it appears we think that the operation of the Order in Council withdrawing all odd-numbered sections already for other than homestead entry from the Bow River Valley Railway Land Grant, which is made by alternate Townships, may properly be held to include the even-numbered sections in townships situated as this is to enable them to be thrown open for homestead entry. What is your view on this question?

Sir;-

Replying to yours of the 5th instant Ref.381. 385 to the Agent at Calgary copy of which was sent me. I see no objections to the sale of the N.W.t.13 - 29 - 24 w. 4th M. to Mr.Bruce. This gentleman called on me yesterday and stated that in addition to the intention of himself and his friend Mr.Walker of purchasing the N.½.of 13, they also intended to buy the N.½.of 14 and possibly the S.½.of 23 of the said township. I told Mr.Bruce that I could not quite see my way clear to recommending the N.½.of 14 as a sale unless the S.½.of 23 was also included as it might look too much like allowing the selection of choice points without attempting to make the whole purchase of fair average value. However, as our regulations stand, we could not prevent anyone from homesteading the N.½.of 14 and as soon as he had the requisite homestead duties performed in the most perfunctory manner and could sell out, he might do so and the Crown would in that case derive no revenue from the transaction at all, as a settler of that description is of very little or no value at all to the community and not as much as the price of the land would be to the public interest and unless people like Mr. Bruce, who either has capital or can command the same through

friends will develop that district, there will be no settlement there. There are millions of acres of land in this country and now open for settlement as valuablex and as attractive for settlement as this is. This had been surveyed and open for settlement for a great number of years and nobody has desired to settle therein; but no doubt as soon as ut is known what kix Mr. Bruce's intentions are, it will be concluded that there must be something in view and many may take up land in the vicinity; if they do so with the hope of it becoming a center, they will no doubt find themselves disappointed, as should there be a center in that district, it wil will probably be some miles from that point, at least five or six, so that taking the whole matter into consideration, I would recommend the sale of the N.½ of 14 without including the S.½ of 23.

A. M. Burgess, Esq.,

D. M. I.

Mr. Pearce reports on the application of Mr. George Barclay Bruce to purchase the NW¼ 13-29-24 W. 4th M., and says that he sees no objection.

Mr. Pearce states that Mr. Bruce called on him and informed him that in addition to the intention of himself and his friend Mr. Walker of purchasing the N½ 13, they also intended to buy the N½ 14 and possibly the S½ 23 in the same township. Mr. Pearce says that these lands have been open for settlement for a great number of years, and that if there is any chance of its becoming a centre, it will be at least five or six miles away from the lands these gentlemen desire to purchase, and that unless people like them who have capital or the command of it through their friends will develpo the district there will be no settlement there. In the first portion of his report Mr. Pearce says he told Mr. Bruce that to sell the N½ of 14 without the S½ 23 might look too much like allowing them to select the best points, but at the conclusion of the report he says that taking the whole matter into consideration he would recommend the sale of the N½ 14 without including the S½ 23.

I attach a plan showing the different parcels of land mentioned in the report, and you will also recollect that Messrs. Bruce and Walker were given permission to convert their homestead entries into sales (through nominees, of course).

Is there any objection to selling the whole area applied for to the two applicants, on the usual terms and conditions ?

DOMINION LANDS OFFICE,

Edmonton 5th August, 1895

AUG 8 1895

Sir,

Enclosed please find an application for inspection made on behalf of Michael Henig affecting the homestead of John Boland, the N.E.1/4 12-55-21 W. 4th M. As Mr. Boland admits his failure to fulfill the requirements of the homestead provisions (see his statement) and claims only 6 acres under cultivation I have deemed it unnecessary to order an inspection as Mr. Coleman has already a great deal of important work before him which he cannot hope to overtake for sometime.

Bolands statement concerning the injury to his hand I believe to be correct but it is inconceivable that the accident alone and any disability resulting therefrom would prevent him from performing his homestead duties and at the same time admit of his engaging in outside work, which at present he appear to be doing/

I am, sir,

Your obedient servant,

The Commissioner of

DOMINION LANDS

Memorandum.

The Agent at Calgary submits the application of Mr. John L. Black, of Calgary, to purchase that portion lying north of the Canadian Pacific Railway of the S. ½ of 18--23--28, W. 4th.

The S. E. ¼ and S. W. ¼ of this section are vacant in the records of the Department, with the exception of the right of way of the C. P. R. Co., comprising in one quarter-section 12.15 acres and in the other 12.16 acres.

The said section is within the tract to be irrigated by the Bow River Irrigation Canal, but Mr. Dennis has reported (file 33793, T. & M.) that, as the reservation for the water for the canal was made under a Government survey, it would not be advisable to hold which it is proposed to irrigate, until the construc- id proceeded with.

In view of this opinion, I see no objection to the parcel applied for being sold to Mr. Black at the current rate and on the usual terms.

Your favour at hand correcting the error as to locations of the small island in sec 20 township 40 range 21 w 4th M instead of 41-2- the island is situated nearly S.E.¼ of sec 6 in township 41 range 21 the location I made for entry . I also made application to purchase the small island shown in your plans as being in sec 19 township 40 range 21 containing abott 17 acres . Am I right - I presume I have made the same mistake in the description of the land to the Land Com'r of R.R. as I did to you . I will correct the error at once . A gentleman and wife by the name of A. Watt will head my Colony by starting on Monday next for Red Deer . Possibly I may send them into Lacombe from there to Buffalo Lake there will be a number follow shortly . I will have Mr Bone to make entry for me as well as some others, and the Island in B.L. sec 20-40-21 contains as per your map about 60 acres is the one I want. With kind regards I am yours &c

Memorandum:

Mr. Martin.

Mr. H. C. Brewster, Mirror, Alberta, has made application to the Department for the privilege of making homestead entry for the North West quarter of Section 20, Township 40, Range 21, West of the 4th Meridian.

According to the township plan, copy hereunder, the area desired by Mr. Brewster consists of Island No. 2, but the applicant says that the island is connected with his farm by means of a sand bar.

Under the regulations islands are not available for sale or homestead entry, but they may be leased by tender, after inspection, for the purpose for which they are best adapted, after taking into consideration the rights and interests of any person who may be located thereon.

We might have an inspection made by a homestead inspector when time as there is one in that vicinity, and the Department can decide upon the disposition to be made of the land upon the receipt of his report.

Sir,

I beg to inform you that an application has been received in the Department from Mr. H. C. Brewster, Mirror, Alberta, for the privilege of making homestead entry for the North West quarter of Section 20, Township 40, Range 21, West of the 4th Meridian.

According to the latest plan of the township, of which no doubt you have a copy, the area described by Mr. Brewster consists of Island No. 2, but the applicant intimates to us that the island is connected with his land - the fractional South West quarter of Section 29, Township 40, Range 21, West of the 4th Meridian - by means of a sand bar.

As you are aware under the regulations islands are not available for sale or homestead entry, but they may be leased, by tender, after inspection, for the purpose for which they are best adapted, after taking into consideration the rights and interests of any person who may be located thereon.

Will you please have a homestead inspector visit this land the first time he is in that vicinity and furnish a report so as to enable the Department to decide upon the disposition to be made of the land. When making this inspection the inspector should call upon Mr. Brewster so that cognizance may be taken of any additional facts which he thinks should be brought before the Department.

COMMISSIONER DOMINION LANDS

Memorandum:

Mr. Martin.

An application was submitted to the Minister by Mr. H.C.Brewster of Mirror, Alberta, for the privilege of making homestead entry for the North West quarter of Section 20, Township 40, Range 21, West of the 4th Meridian, which land, according to the plan of the township, consists of Island No. 2.

The representations by Mr. Brewster were to the effect that the island is connected with his land by means of a sand bar, and it was decided to have an investigation before making a decision with respect to the disposition of the land.

A report has been received from Inspector Kembry which reads as follows:-

"I have made a careful inspection of this former island and found that it is connected with the Frac. S.W. of Sec.29 by a strip of land of about the same width as the island itself.

"This dried up area was partly covered with coarse grass and herbage which could make fairly good pasturage. I was informed by settlers in the vicinity that it has been dry for about three years past but cannot be said to have become permanently dry as it would no doubt be submerged again with increased rainfall.

" There are no improvements on the island which is partly covered with poplar and willow scrub.

"The soil is sandy.

"Mr. Brewster was away at the time of my visit but I interviewed members of his family."

As it is quite evident from this report that the areas of land desired by Mr. Brewster should be considered as an island, it would not be in accordance with the practice of the Department or the regulations to make the land available for settlement under homesteading provisions. There would be no objection, however, to the granting of a lease of the island which would have to be acquired by tender.

The minimum rental with respect to these leases is $25.00 annually, and there is a fee of $10.00 for the preparation of the lease.

Sir,

With further reference to your application to acquire Island No.2 in the North West quarter of Section 20, Township 40, Range 21, West of the 4th Meridian, which you state is at present connected with your land by means of a sand bar, I beg to say that the report called for in connection therewith has been received, from which it appears quite evident that the land in question should be considered as an island. It would not be in accordance with the practice of the Department or the regulations to make the Island available for settlement under homestead provisions.

Islands are disposed of by tender and the Department is prepared to have this one advertised should you desire to acquire it by lease in this manner. The minimum rental with respect to these leases is $25.00 annually and there is a fee of $10.00 charged for the preparation of a lease.

Kindly advise the Department, therefore, if you are willing to procure the Island in question by lease and, upon receipt of this information, the necessary further action will be taken in regard thereto.

Memorandum.

The full particulars of the case are set forth in Mr. Burgess' memorandum of the 10th February, 1896, to the Hon. Mr. Daly, then Minister of the Interior, (marked), and in the letter of the 5th March of the same year from Mr. Supt. Griesbach of the North-West Mounted Police (also marked), to whom the papers were sent for any information he might be able to furnish in the matter, and more particularly for the purpose, as it was pointed out to him, of getting a clear and definite idea of where Mrs. Inglis had been living from time to time and the length of time in each place. Mr. Supt. Griesbach states, according to the best of his knowledge, the actual time Mrs. Inglis lived on the land was as follows;- 2 months in 1893; 7 months in 1895; 4½ months in 1894, and 6½ months in 1896. Mr. Supt. Griesbach stated, further, that, taking everything into consideration, it would be a graceful act if a patent could be granted to her. [illegible] Inglis was informed from the Commissioner's office that unless the shortage in her residence was made good, it was impossible for the Commissioner to grant her a certificate of reasonableness for patent.

You will remember that an Order-in-Council was recently passed relieving Mr. Snider from performing the final three months residence on his homestead and I think Mrs. Inglis is entitled to the same consideration, and that an Order-in-Council should also be obtained in her case, relieving her from

Jas. A. Smart, Esq.,
Deputy Minister of the Interior.

from the performance of a further six months' residence on her homestead, which she was called upon to perform [illegible] up for the one and a half months' shortage in her second year's residence.

Mr. Inglis, in his letter to the Minister of the 13th inst., upon which you have asked me to report, says that the Minister promised when he last saw him that he would grant his mother, Mrs. Inglis, a patent for her homestead if he (Mr. Inglis) would furnish the particulars of the case, which he submits, and also encloses a medical certificate signed by himself as to Mrs. Inglis' inability to endure the present residence for the inconvenience of a farm life owing to organic heart disease [illegible] (seventy years).

Ottawa, 1st Sept
~~31st August~~, 1897.

Dear Sir,

In reply to your letter of the 13th instant, ~~I have~~ ~~the honour to inform you that the Minister of the Interior has no power to order~~ the issue of a patent in favour of your mother, Mrs. Inglis, for her homestead, the N.W.¼ of Section 1, Township 14, Range 2, West of the 4th Meridian, as the conditions of the Dominion Lands Act with respect to the fulfilment of homestead duties have not been fully complied with; ~~but the case~~ appearing to be one deserving of special consideration, ~~it will be~~ ~~pleased to hear that the Department will be~~ ~~prepared to recommend that the case should be considered~~ ~~favourably~~ ~~if it can be shown that~~ ~~during the~~ ~~months~~ ~~your mother resided on~~ the homestead. ~~You will be required to make~~ ~~a declaration~~ ~~to that effect~~ ~~before a~~ ~~Commissioner~~ ~~for~~ ~~Oaths~~ ~~and~~ ~~forward~~ ~~the~~ ~~same~~ ~~to this~~ ~~office~~.

Ref. 334117.

Ottawa, 14th September, 1917.

TO HIS EXCELLENCY

THE GOVERNOR GENERAL IN COUNCIL.

The undersigned has the honour to report that Mrs. Mary Inglis, of Fort Saskatchewan, Alberta, obtained homestead entry for the North West quarter of Section 16, Township 54, Range 22 West of the 4th Meridian on the 1st August, 1901, but that in the month of January, 1905, she having given notice of her intention to apply for patent, Mr. Howes and Inspector Coleman visited the land and ascertained from her that she had thirty acres broken, but that she had not fulfilled the necessary conditions as to residence, the six months residence in her second year being short by one and a half months, and in order to make up this shortage she was called upon to perform a further six months residence on her homestead.

Mrs. Inglis is seventy years of age, and her son, Dr. T. S. Inglis, Health Officer, City of Winnipeg, has filed a certificate signed by himself as to Mrs. Inglis' inability to change her present residence for the inconvenience of a farm life owing to chronic heart disease and her advanced age. It may also be mentioned that Mrs. Inglis, in 1903, resided on the land in question with her family for about three months, when she was asked to, and did, open a private school there being no public school in the vicinity, and that her son continued to

reside

reside on the land till 1885, when he left to serve in the suppression of the Rebellion.

The undersigned is of opinion that the case now submitted is one deserving special consideration, and he has the honour to recommend that, under Sub-Clause H., of Clause 90, of the Dominion Lands Act, authority be given him to issue a patent to Mrs. Inglis for the quarter section held by her as a homestead.

Respectfully submitted,

Minister of the Interior.

Memorandum:-

On the 3rd February last the Agent of Dominion Lands at Lethbridge reported the sum of $23.70 in payment of interest in advance upon $395, the total purchase money in connection with the sale of the South East quarter of Section 36, Township 2, Range 26 West of the 4th Meridian. This Agent now reports the full amount of the principal, as mentioned above, as paid on the 25th ultimo.

I think it only fair to the purchaser of the land that the unearned interest, being for the period from the 25th ultimo to the 1st January next, some 68 days, should be refunded to Mr. Robinson. The amount of this unearned interest is $4.41, a cheque for which I beg to recommend be issued to him.

I recommend the foregoing application for Patent, being satisfied that the homestead requirements of the "Dominion Lands Act" have, in this case, been complied with.

[illegible] Local Agent of Dominion Lands for the District.

The application for patent of William H. Saint, under the "two miles radius clause" shews that the cultivation has been done in an irregular manner as follows:-

Year,	1891,	1892,	1893,	1894,
Broken,	6,	13,	16,	5,
Cropped,	-	6,	19,	25,

This is a case where the equitable requirements of the Dominion Lands Act have been fully complied with, but as there is a technical defect which prevents me from approving the application in the usual way, consistently with a strict literal interpretation of the law, I submit it with a recommendation that under the circumstances, a special patent shall be allowed to issue in favour of Mr. Saint.

The residence within the radius and upon the homestead is satisfactory.

When the Macleod townsite was extended and Lots placed near the market Capt. E. LETTER No. 11.433
REFERENCE No 11,529

Sir;-

Replying to yours of the 11th instant Ref.No. 383.030, respecting the undisposed lands in Sec.18 - 24 - 1 west of the 5th Meridian. Upon examining the records I find that the only lands to which title has passed from the Crown is for an area of 167.82 acres and that portion of the N.E.¼. homesteaded by Lawry. No one would desire to dispose of lands in the neighbourhood of Calgary at present prices unless they were actually compelled to do so. Lands can never become less valuable than they are at present and as the Government has to take [illegible] as they [illegible] it [illegible] to sell now for what that land would fetch in the market. Messrs. Jackson who have preferred certain claims to part of that section were residents of Wingham, Ontario, which, I understand, is Dr. McDonald's constituency. Messrs. Jackson's father lives there and, I think, it is probably at his instance that Dr. McDonald's application is made.

I am informed that Mr. Francis White has taken proceedings to eject these men from off the portion he has purchased

purchased. Messrs.Jackson went to a legal firm in this city,Messrs.Symons & Meyer,and asked them to defend the suit, they advised him that there was no defence to make. The object in making a defence is to again get their alleged grievance before the public.

Sir,

Referring to my letter [illegible] of the 17th ultimo respecting the undisposed of portions of Section 15, Township 22, Range 1, West of the 5th Meridian, I am now directed to say that the Superintendent of Mines at Calgary, with whom correspondence has been had in the interval with reference to the land, is of opinion that it would be inadvisable to dispose of these lots at the upset price of Calgary at present prices.

OFFICE OF THE

LETTER No.

REFERENCE No 11529

Sir,

With further reference to mine of the 19th instant, No. 11433 on 11529, see your Ref.386050, I find that a mistake was made in my office in stating the area, of which title had passed from the Crown. All the N.E.¼ lying South of the Bow River, and North of the right of way of the Canadian Pacific Railway, and a portion containing 20.7 acres from out of the N.E.angle of this section, the northerly boundary of which area is the northerly boundary of the ¼ section, the Southerly limit the right of way of the Canadian Pacific Railway, the the Southerly boundary of which parcel being 15 chains, 75 links North of the Northerly limit of the said ¼ section, its easterly boundary being the easterly limit of the said ¼ section, and its westerly boundary being a distance of 20 chains West of said easterly limit of the said ¼ section.

Just here, I would especially direct the attention of the Patents Branch as to whether the description conveyed agrees with the foregoing. My reason for so doing is that on looking up in the Agent's office the description as it appears in the applications register, I find it grossly incorrect.

That portion of the N.E.¼ lying North of the Bow River was sold to W. Hartley; an island in the Bow, was conveyed to the Bow Claire Lumber Company, or the Calgary Water Power Company, I forget which, then comes the right of way of the Canadian Pacific Railway. The balance of the N.E.¼ sect. together

The Secretary,

Department of the Interior,

Ottawa, Ont.

together with the northerly 10 chains of the S.W.¼, was, I presume, intended to be granted to the Town of Calgary for cemetery purposes, but there is an error in the description of the same which leaves a portion of the N.E.¼ section lying between the grant so made and the Southerly limit of the right of way of the Canadian Pacific Railway. It might be well to look closely into this, as it may be a printer's error in the printing of the Order in Council which causes me to arrive at the conclusion in this respect which I have. There was to be sold to Francis White, all of L.S.1, S.½ and E.¼ of N.½ of L.S.2, E.$\frac{3}{8}$ of L.S.5, all of L.S.6, S.½ of L.S. 7 and 8; the Messrs. Jackson were to be allowed to purchase the westerly $\frac{1}{4}$ of the W.½ of L.S.2, and the W.½ of L.S.3.

On the S.W.¼ of the said section, there therefore remains vested in the Crown, the S.½ of L.S.3, all of L.S.4, and the westerly $\frac{5}{8}$ of L.S.5. Please check these over with your records, and advise me if my descriptions are correct.

I would further request you to ask the Agent at Calgary to furnish you with a copy of his register referring to the sales affecting this ~~part of the~~ section. It occurs to me on examining them, that they are not as full as is desirable, but your office should be the best judge of that matter. If the are not as full as is desirable, it would be well that in this and other cases similar, the register should show clearly on its face, without referring to documents outside the latter it would be impossible to ascertain in what position the section lies. It may be that the descriptions are too minute to enter in the Township register in cases such as this, but at the same time I think that they might be set down more than they do in this case.

Your obedient servant,

Superintendent.

Sir;-

Replying to yours of the 20th instant Ref. 388.030. I thought I had some correspondence with reference to the portion of 18 granted for cemetery purposes by Order-in-Council of the 3rd September 1885; but I have been unable to find it. The original application from the town was for all that part of the N.W.t. of 18 lying south of the right-of-way [illegible] Pacific Railway and the southerly 10 chs. of the S.W.t., which would contain an area of about 123 acres. In the grant made by the said Order-in-Council the area is described as 80 acres, whereas from the description it will be found that the area is [illegible] acres. I had always supposed that it was intended that the [illegible] to the southerly limit of the right-of-way and I fail to see the object of the Crown reserving a portion between the brow of the hill and the said right-of-way, as it was the part, if de-voted to cemetery purposes, that the corporation should have protected from the depletion of timber. However, if it were intended that that strip should be reserved to the Crown, I am glad to know it.

If the property in question, namely that portion of the N.E.t. of 14 - 24 - 1 west 5th reserved for cemetery purposes was now intended to be retained for such purpose, I should recommend that it be extended to the southerly limit of the right-of-way of the Canadian Pacific Railway: but seeing that the corporation of Calgary is desirous of disposing of the property conveyed to them and have I understand been given permission so to do as long as the proceeds are devoted to cemetery purposes elsewhere, I can see no reason why the strip in question should be handed over to them. Whoever acquires the land from the corporation will sooner or later discover that the property does not extend to the railway line and will no doubt desire to acquire this strip and when that time comes, a valuation can be placed on it and the sale carried out.

18th June, 1910.

Sir:-

I hereby beg to apply to be allowed to purchase a small piece of land lying on the westerly boundary of the N. E. ¼ of 18-24-1-W. 5th Mer. as per enclosed plans.

I am the owner of the part of quarry lot L, which is marked "A" in the plans and which I bought some time ago as a site on which to build a residence for myself. The piece I bought is part of a point of land with a deep coulee on either side, and a high cliff forming the northerly boundary, and the balance of the point of land belongs, I understand, to the Government.

I am so very anxious to get this additional piece of land that I am willing to pay whatever price the Government may see fit to ask for it, for with it I will have a beautiful spot for a home, and without it my part is spoiled as a building site.

I am submitting two propositions as per enclosed plans numbered 1 and 2. In plan 1 the part 1.2 acres outlined in red on the plan, is really the part I want to buy

but I realize that the sale of this alone would leave the cliff and the slope of the coulee as waste land. I am so desirous of getting the 1.2 acres that I am willing to buy this part too as per plan No. 2, if the Government would not sell the smaller area as per plan No. 1.

I sincerely hope that the Government will make the sale of either of these parcels of land to me as it is worth very little to anyone else, but valuable to me from its close proximity to my land, of which it forms a natural part, the coulees east and west and the cliff to the north, forming the natural boundaries.

I am enclosing plans with a typewritten description of each plan, which were prepared from a survey made by B. F. Mitchell, D. L. S.

Yours very truly,

Memorandum:-

I beg to return memorandum of the 17th instant, from the Minister, asking a report respecting the letter of the 18th June last from Dr. E. G. Mason, of Calgary, respecting the N.E.¼ of Section 18, Township 24, Range 1, West 5th Meridian.

On the 18th June last Dr. E. G. Mason, of Calgary, applied to purchase a portion of the N.E.¼ of Section 18, Township 24, Range 1, West 5th Meridian, containing 1.2 acres, lying between the brow of the hill and the southern boundary of the Canadian Pacific Railway Right-of-way, and which adjoins a portion of Quarry Lot L, purchased by him, on which to build a residence.

The Doctor is very anxious to acquire this parcel, and states that he is willing to pay whatever price the Government may see fit to ask, as with it he will have a beautiful spot for a home, and without it the parcel he purchased is spoiled as a building site.

He desires to acquire only the 1.2 acres as shown on plan No. 1, but is willing to purchase the parcel containing two acres, as shown on Plan No. 2, if it is not desired to sell the smaller area.

The land applied for is undisposed of, according to the records of the Department, but is within the tract which has been applied for by the City of Calgary for park purposes, and by the Alberta Brick & Terra Cotta Company, Limited, whose applications are still pending, awaiting the survey of a line along the brow of the hill, from the intersection of the proposed road and

J. W. Greenway, Esq.,

Commissioner of Dominion Lands.

the

the brow of the hill, to the West limit of the quarter-section when it is proposed to grant to the City of Calgary that portion North of the proposed road and South of the brow of the hill, and to sell at $75.00 per acre to the Alberta Brick & Terra Cotta Company, that portion North of the brow of the hill and South of the boundary of the Canadian Pacific Railway Right-of-way. This latter portion would cover the parcel now applied for by Dr. Mason.

Instructions were issued in May last to P. A. Carson, D.L.S., for the survey of the line along the brow of the hill; the survey was taken from him and given to Surveyor Bridgeland, who, however, has not yet reached it.

Attached is a sketch showing

Blue border, containing 1.2 acres-	portion desired by Dr. Mason.
Yellow border, containing 2 acres-	portion Dr. Mason is willing to purchase if he cannot get smaller parcel.
Green---	Proposed grant to City of Calgary.
Brown border--	Proposed sale to the Alberta Brick & Terra Cotta Company, which covers parcel applied for by Dr. Mason.
A. ------	Portion of Quarry Lot L owned by Dr. Mason.

The Minister has directed the survey of the line along the brow of the hill be made forthwith, and that the Surveyor, before proceeding with survey, should consult with Mr. Southerland, Agent of Dominion Lands at Calgary, as to the location of line along brow of hill, &c.

Amended instructions should therefore be sent to Surveyor Bridgeland at once.

File 7,251 M.S.Y.

Department of the Interior,
Ottawa, 14th October, 1910.

Memo for File 7,251.

Mr. Greenway,

Your memorandum underneath is with reference to an application received from Dr. E. G. Mason, of Calgary, for permission to purchase an area of 1.2 acres or 2 acres of land situated in front of Quarry Lot 1 in the North East quarter of Section 18, Township 21, Range 1 West of the 5th Meridian.

You point out that an application has been made to this Department by The Alberta Trick and Terra Cotta Company, Limited, of Calgary, for permission to purchase a portion of this quarter section, and you inquire whether any definite promise has been given this company that they will be permitted to purchase the land for which they have applied, and if so, what area they have been told could be sold to them.

In reply, I beg to state that there is no entry in the files of this branch to indicate that any definite promise has been made by this Department that they will be permitted to purchase a portion of the quarter section in question. On the 14th of May, 1907, Mr. E. G. Mason made application on behalf of The Alberta Trick and Terra Cotta Company, Limited, for permission to purchase that portion of the North East quarter of Section 18 lying South of the main line of The Canadian Pacific Railway and West of a bluff extending across the land. On the 20th of January last the Minister gave instructions that a memorandum to Council should be prepared authorizing the sale to this company of the tract for which they had applied at the

rate

rate of $75.00 an acre. The memorandum to Council which was prepared described the tract to be sold to the company as comprising that portion of the North East quarter of Section 18 which lies to the North of a proposed road and to the South of The Canadian Pacific Railway Company's right of way, containing an area of 28.82 acres, more or less.

On the 14th of May last the Deputy Minister advised the Surveyor General that it had been decided to make the southerly boundary of the tract to be sold to this company follow the crest of the hill, instead of adhering to the surveyed road allowance for its southerly boundary, and he instructed the Surveyor General to have the required survey made. On the 5th of July last Mr. Watson, the Manager of The Alberta Brick and Terra Cotta Company, was advised that it had been found necessary before proceeding with this matter to have a further survey made, and that as soon as the returns of the survey were received the Department would again communicate with him respecting his company's application.

No further action respecting this matter appears to have been taken, so that the southerly boundary of the tract to be sold to The Alberta Brick and Terra Cotta Company is still to be determined. For this reason it would appear that if the small area of the tract originally applied for along the westerly boundary thereof were disposed of to another person, the company could not reasonably complain of the Departmental action.

In case it should be decided to sell to Dr. Mason the tract for which he has applied a survey thereof should be made, so that the exact boundaries of the tract to be

included

included in the sale to the company may be asserted in the memorandum which may be sent to Council recommending the sale.

Dear Sir:-

Would you kindly ascertain and let me know to whom and what date a patent was issued in respect of Lots in the N.E.¼ of Section 18 Township 24 Range I. W.5th Meridian. I have made enquiry in the local office here and they are unable to trace the issue of any patent. The latest information they have is that these lands were purchased by W. E. Carefoot on 8th August 1887.

These lands are situated in the City of Calgary, and the present owners are seeking to have a sub-division thereof registered in the Land Titles Office. It appeared, in the proceedings, that a water Easement affecting a small portion of these lands is or was at some time previously vested in the Calgary Water Power Co., but on enquiry this Company states that their rights were transferred to the Crown but they were unable to give any particulars as to how or when the transfer to the Crown took place. Would you be good enough to let me know if any such rights now exist and how they became vested in the Crown?

Since then the necessary surveys have been made by the Dept & it has been ascertained that upon that portion of the ¼ Sec. in question lying between the Can. Sir,

On the 1st of September last, a letter was addressed to you from this office calling the attention to your adverse declaration of [illegible] and of his homestead, the S.W.1/4 of Section 6, Township 7, Range 1, W. 2..., in order that you might obtain the corroboration of a second witness in the matter of said claim. It was pointed out at the time that the Commissioner was surprised that there should have been any delay on your part in the matter, and it was intended that you should rectify the defect without delay. So far, however, no communication has been received from you upon the subject, and it having been brought to the Commissioner's attention, he directs me to write to you and ask for an explanation of your conduct.

I am to add that information has again been communicated with this office asking why his application for patent is being delayed. The neglect on your part places the Department in a false position with the public which is extremely undesirable and it is expected that you will give this matter your attention without any further delay.

On the 8th April 1890 I furnished you with copies of declarations made before me in August 1887 respecting Joseph Mongeon's claim to a portion of Sec.9 - 7 - 1 west of the 5th Meridian. You will observe that since March 1885 to the date of the declaration he resided continuously on the land in question and for some years before he resided to some extent [illegible] 18th April 1890 you advised me that the Agent at Lethbridge had been instructed to [illegible] entry. Cher monsieur,

Je suis chargé par Mme Champagne de vous prier de bien vouloir lui faire connaître de quelle source vous aviez obtenu vos renseignements, lors de son passage à Ottawa, alors que vous lui apprimes que Jos Mongeon était fermier en 1885 sur une terre aux environs de Pincher Creek. Cette terre, selon Mme Champagne et les autres héritières, devait être la propriété du défunt Jerry, car celui-ci, vers cette date de 1885, lors de son passage à Montréal qui dura une huitaine de mois, déclara que son frère Joseph était fermier sur cette une terre qui lui appartenait et qu'il payait pour cela $100 par mois à son frère. Cette nouvelle est corroborée par un M. Pelletier, tuteur des enfants de Joseph, à Pincher Creek, lors du décès de ce dernier

On vous demande si vous auriez la bonté et si vous seriez en mesure de faire parvenir aux intéressés une description de cette terre sur laquelle Jos était fermier en 1885.

Vous pourrez m'adresser votre lettre et veuillez me croire, cher monsieur,

Dear Sir,

I have been asked by Mrs. Champagne to request you to be good enough to let her know from what source you obtained the information you gave her, when in Ottawa recently, that Joseph Mongeon was farming in 1885 on land in the vicinity of Pincher Creek. This land according to Mrs. Champagne and the other heirs must be the property of the late Jerry, who towards that date of 1885 when in Montreal, where he remained for ten months, declared that his brother Joseph was farming land which belonged to him and that he was paying therefor $100 a month. This fact is corroborated by one M. Pelletier who was tutor to the children of Joseph at Pincher Creek at the time of the latter's death.

Will you be good enough, if you are in a position to do so, to obtain for the interested persons a description of the land which Jospeh was farming in 1885.

You might send your reply to my address.

Monsieur,

En réponse à votre lettre du 11 courant, j'ai l'honneur de vous informer que le lot [illegible] Joseph Mongeon était établi en 1881, sur le sud Lot-ouest [illegible] section [illegible], township [illegible], range [illegible], west [illegible] la patente fut émise en [illegible] 1891. [illegible] cette dernière date, [illegible] à [illegible] même, lors de sa visite à son frère, il n'y a aucune indication dans le cas relatif à cette terre que Jerry Mongeon y ait jamais résidé avec droit.

Il est en preuve que le défendeur Jos. Joseph Mongeon était fils de [illegible] et celle-ci, veuve de Montréal en 1881, il avait pris possession de la terre ci-dessus décrite où il avait passé environ un mois chaque année, travaillant la ferme de [illegible] Pinet Creek où il environs. Il commença à résider en permanence sur sa terre au mois de mars 1886, mais ce n'est que le 2 octobre 1890 qu'il put obtenir son inscription, sa terre faisant jusque-là partie du ranche de [illegible].

La correspondance en cette matière avec le Ministère s'arrête à la date de la patente, et nous ne savons en conséquence absolument rien des arrangements que J. Mongeon (Joseph) a pu faire par la suite avec son frère ou quoi que ce soit concernant sa propriété.

In reply to your letter of the 17th instant File No/ 386679, I beg to inform you that when entry was granted for the N.E.1/4 30-53-26 W. 4th M. I was misled by the Township plan and the register which did not shew that the land was included in the St. Albert special survey and that this land was already patented, the Township plan(corrected edition) was not on hand and I was guided by the old one. I have therefore cancelled the entry in the books and advised Mr. Hebert that $10.00 would stand to his credit to be applied on another entry or ~~it~~ to be refunded if he so desires.

Winnipeg, Man. 12th February, 1896.

Sir,

The Commissioner directs me to submit the following particulars to you in reference to the N.E.¼ of Section 30, Township 53, Range 26, W.4th M.

It appears that one J.B.Hebert, of St.Albert, made application to the Agent at Edmonton for a homestead entry for this land, and was informed on the 8th July, 1895, that there was apparently no reason why his request should not be granted. He accordingly secured the land, and on the 26th August following the Agent wrote to you explaining that he had been misled by the Township plan and Register, which did not shew that the land was included in the St.Albert Special Survey, and that it had already been patented. The Agent further stated that upon discovering the mistake he had cancelled the entry, and advised Mr. Hebert that the $10 would stand to his credit to be applied on another entry, or refunded if he so desired. Mr.Hebert wrote to the Commissioner and complained of the treatment that he had received, and pointed out that in consequence of the mistake he was likely to lose the money he had expended in ploughing five acres and in clearing the bush, for which he had engaged a man for five days. The Commissioner, upon receiving Mr.Hebert's complaint, communicated with the Agent and asked him to instruct Mr.Coleman to examine the land, which was accordingly done, and a copy of his report is enclosed herewith. It will be observed that Mr.Coleman values the breaking

breaking at $14.25.

The Commissioner is of opinion that Mr. Hebert has an equitable claim against the Department, and suggests the advisability of passing an Order in Council authorizing compensation of the amount, which might be in the way of scrip, or in such other manner as the Minister might consider advisable.

Sir,

Referring to your letter of the 11th instant, Ref.386679, I beg to say that upon communicating with Messrs Osler, Hammond and Nanton, of this City, who deal largely in scrip, it is ascertained that the issue to a small amount, such as would be necessary in the case of Mr. J.B.Hebert, would probably realize from sixty-seven to seventy cents on the dollar. It will thus be seen that the scrip to be issued in favour of Mr.Hebert should, at the latter rate, be for $20.36.

Sir,

I am directed to acknowledge the receipt of your letter of the 16th inst. applying for the North East quarter of Section Nine of Township 56 Range 19 West of the 4th Meridian, according to the official plan of survey containing an area of 157.50 100 acres, the greater part of which is being covered by the waters of a certain lake. As the amount of dry land you have remitted proves to be insufficient, after deducting the land covered by water from the total area of the quarter section, it is possible that you may wish to have it altered for your homestead entry to West half of the said quarter section and of 80 acres, including the fractional part of land covered by water. If you wish this application carried out please notify me to that effect and I will then make the necessary alteration in the entry accordingly. Your letter is herewith returned.

Gentlemen:-

With reference to your application on behalf of Mr. David McGall to purchase the formerly enumerated portion of the South East quarter of section 15, township 56, range 19, west of the 4th meridian, I beg to inform you that the necessary action is being taken to obtain a report in the matter from an official of the Department and that upon the receipt here of such report you will be further advised.

With regard to Mr. McGall's statement to the effect that the area covered by the waters of the lake (old dam) which affected the South East quarter of section 15 in the township above mentioned, had not been included in the homestead patent granted Mr. McGall in 1897 for this quarter-section, I beg to say that Mr. McGall would appear to be under a misapprehension as the land in question was described as follows in the patent:-

"Being the fifty-sixth township in
"the Nineteenth Range out of the Fourth Meridian
"in the Provisional District of Alberta in the
"North-West Territories containing fifty; all
"that portion of the South East quarter of section
"15 of the said township not covered by any of the
"waters of a surveyed lake, excluding by

"and fifty, one-hundredths of an acre, more or less
"as shown on a plan or plans of survey of the said

Sir,

I have the honour to acknowledge the receipt of your letter of the 20th instant, NO. 371393, Ref. 205654, and in reply to say that on the 4th January last, Ref, 388440, Head Office informed me that Messrs. John and Benjamin Cheeseman, of Maple Creek, desired to purchase the N.E.¼ of Sec, 31, Tp. 7, Rge, 28, West of the 3rd Meridian, and stated that this land is at presnet unsurveyed, but the northern boundary is a surveyed line, being the southern boundary of township 8. From the appearance of the topography of the country the land appears to be broken by a small river, and the topography of section 6, in township 8, as shown by the township plan, makes it appear that the land in question is more hay land than land fit for agriculture. I am to ask you to instruct the Homestead Inspector, when next he is in the vicinity of this land, to inspect the same and report the result here.

In reply to Head Office above referred to I reported that Maple Creek was about 240 miles from Regina and 243 miles from Calgary, and requested that I should be advised which

which Homestead Inspector I should ask to make the inspection On the 24th January. Head Office acknowledged my letter and instructed me to send the Homestead Inspector attached to my own office.

Mr. Gray is of the opinion that Mr. Homestead Inspector Thompson has lately passed through the vicinity in which this land is situated and that he is prepared to report upon it without further inspection, as Mr. Cheeseman called his atten-tion to the subject.

Memorandum.

Messrs. J. & B. Cheeseman, of Maple Creek, applied to purchase the N.E.¼ of Section 31, Township 7, Range 28, West of the 3rd Meridian, upon their relinquishing their grazing lease therefor. In my memorandum of the 23rd December last I stated, "The land at present is unsurveyed, but "the northern boundary is a surveyed line, being the southern "boundary of township 8. Are we to sell them the land or "not?"

It was decided to obtain a report from the Homestead Inspector when he was next in the vicinity of the section in question, and the Agent of Dominion Lands and the applicants were advised accordingly. A copy of a report of an inspection made by Mr. Homestead Inspector Thompson has recently been received here, in which it is stated, "I have "been over the N.E.¼ 31-7-28 W.3 and believe that there is "about from 40 to 50 acres of low lying land on this ¼ that "would make good hay land if it was drained and levelled down, "in its present state it is only fit for grazing purposes. I recommend that the land be sold to the applicants at the current rate and on the usual terms of payment.

Respectfully submitted,

Memorandum.

Messrs. R. & J. Cheeseman, of Maple Creek, have forwarded a Hal[illegible]reed certificate [illegible] exchange for which scrip has been issued, and they ask that part thereof be applied to the payment in full on the N. E. 1/4 [illegible]--7-16W, W. 3rd, on which there is a balance due of $120 with interest [illegible] and that the remaining portion of the scrip be held here awaiting their instructions. They also ask that the patent be made out in the name of John Cheeseman.

As the scrip has been issued in two scrip notes for $100 and $[illegible], respectively, if the $100 scrip is taken in payment xxxxxxxxxx of the amount due, they will lose about $[illegible] in scrip, unless they can apply it to the payment of other land.

I do not think the arrangement recently arrived at with reference to the opening up of scrip accounts with scrip dealers would apply to individual cases of this nature.

Gentlemen,

Referring further to your letter of the 12th ultimo, I am directed to say that Scrip Notes Nos. A.12430 and A.12431, for 160 acres each, respectively, have been issued in exchange for Scrip Certificate No. 616 Series A., for 320, which accompanied your said letter; and your request that the said scrip be applied to the purchase of the balance of Fractional S.E. ¼ of Section 21, Township 7, Range 28, West of the 3rd Meridian, with interest on that amount from the 1st December, 1919, to the date of payment, and that the balance of said scrip be returned to you, I would have much pleasure in complying with, as it is not possible to open up a scrip account for such a small transaction, but the balance of the scrip, after the amount due on the quarter-section has been paid, will have to be forfeited to the Crown, or applied on account of the purchase of other land which you may be permitted to acquire.

2 Encls.

The scrip notes for 160 acres will be returned herewith, and instructions as to whether or not you desire to have it applied on the account of the land due on the said land, and the scrip certificate for 320 acres, is sent you herewith, together with a form of receipt, which after it has been filled up you are to return to this office after you have dated it and it has been signed by you and witnessed.

Mr. Goodeve,

I understand that the Messrs. Cn Cheeseman had written to the Department asking to have the balance of the scrip, after deducting the balance due in connection with the N.E.¼ of 31,7,28, W.3rd Mer., placed to their credit on account of grazing dues, their letters being recorded in the T.& M. Branch. It is unfortunate that their request was not complied with at the time, as it was a reasonable one, and the balance of the scrip should now be placed to their credit in Mr. Ryley's books. Kindly have the matter attended to.

With reference to your memorandum of the 23rd instant, I regret to say that, upon inquiry at the Timber & Mines Office, it is found that these gentlemen only owed $1.44, and that the semi-annual rental of the grazing lease now held by them only amounts to $1.00; so that, if the balance of scrip is placed to their credit, it will not be satisfactory to them.

I suppose, under the circumstances, it will be necessary, to carry out your instructions, to issue a refund cheque in their favour and leave the balance of their scrip in Mr. Riley's hands, which will discharge their indebtedness and leave a balance of a few dollars to their credit.

Memorandum.

With reference to Mr. B. Cheeseman's letter to Mr. Davin, M. P., by whom it has been handed to you, I beg to say that Messrs. B. and John Cheeseman were told on the 10th ultimo that their request that their scrip for $240 be applied to the payment of the balance due ($120), with interest, on the N. W. ¼ of 31--7--29, W. 3rd, and that the balance of such scrip be returned to them or held here subject to their instructions, could not be complied with, as it was not possible to open up a scrip account for such a small transaction: and that the balance of the scrip, after the amount due on the quarter-section had been paid, would have to be forfeited to the Crown, or applied to the payment of other land which they might be permitted to acquire.

Mr. Cheeseman states, in his letter above referred to, that he requested that the balance of the scrip be applied to their grazing leases, and that, instead, he was told that the balance would be forfeited to the Crown.

As a matter of fact, the Messrs. Cheeseman did not ask in their letter of the 10th January last, with which they enclosed the scrip certificate, that the balance be applied in payment of their grazing leases, but stated:- "Find enclosed scrip to the value of Two hundred dollars, "from which you will please deduct the amount called for "and hold the balance for further instructions or return "it to Ben Cheeseman."

[illegible] leases. [illegible] was also told in our mail letter of the 12th ultimo that the scrip note for $117 would, in the meantime, be held here subject to their instructions; and the other portion of the scrip ($80) was forwared to them.

Had they asked that the balance be applied to the payment of their grazing leases, their request might have been complied with, as they then owed a balance of $14.84, $13.40 of which they paid in cash on the 1st instant, leaving a small balance still due of $1.44.

Mr. Peeman also asks whether the Department will accept scrip for taxes. As this Department has nothing to do with taxes, any request of this kind could not be entertained, and Mr. Peeman might be advised accordingly.

REFERENCE NO. 148

Sir;

Yours of the 12th instant enclosing homestead receipt to hand. I return it herewith. I know no reason why your time prior to entry should not count and would suggest you make your application for patent and if there be any objections to it I will then report upon your case. I do not anticipate however that there will be any objection.

Your homestead receipt will not cover the ground on which your house is located. I would therefore suggest that your entry be amended to cover the S.W. ¼ of the S. E. ¼ the southerly three-fifths of legal sub-division 5 and 6, and the east nineteen-twentieths of legal sub-division 3, which contains in all 160 acres. Your entry receipt calls for frac. legal sub divisions 5 and 6, legal sub division 4 and the south only two-fifths of legal sub divisions 3 and 6, that would leave out your house and probably your stable would not within that limit. It also leaves out a portion of the S. E. corner lying between your building and the river, which I do not imagine should be left out, and it also leaves out the frac. legal sub division 1, which I think contains probably 20 acres. Of course if the entry granted is what you desire there is no necessity for a change but I must point out to you that as your house is not on it your time could not count as you could not have lived on your homestead at all. I presume this is just a mistake. All in due 21. Tp 6 R 25 W 4

Frac. S.E.¼ 32- 4[illegible]--28, W. 4th M..
containing 15.[illegible] acres.
Shown on the sketch, marked, outlined in green.
Situated one mile north of Mirror, Alberta.

I beg to invite your perusal of my memorandum of the 27th ultimo wherein the facts relating to the above described land are set forth.

You directed that the matter should be referred to you upon receipt of the Inspector's report.

Under date the 24th ultimo Mr. Homestead Inspector Brusse reported as follows:

"There is plenty of HA in this district for the settlers outside of this fractional and if the prospective purchaser is a bona fide settler I cannot see any reason why he should be allowed to have it at the rate of $7.00 an acre.
It is low and wet with some willow brush and would not be suitable for homesteading."

Presumably the Inspector intended to state that he cannot see any reason why the sale should not be allowed.

Respectfully submitted.

☞ Address your reply to the Commissioner of Dominion Lands, Winnipeg.

Dear Mr. Hall,

I have your letter of the 7th instant, File 389398, calling attention to Mr. Burpe's communication dated the 24th ultimo, addressed to William MacDonnell & Company, in regard to the homestead of William MacDonell, the fractional S.E.¼ and the S.½ of the N.E.¼ of Section 22, Township 43, Range 23, W.4th M.

I find on looking up the papers in this case that on forwarding the application for patent here the Local Agent calls attention to the fact that certificate of recommendation is to issue when the surplus acreage over 160 acres, namely 7.15 acres, is paid for. As our own records do not disclose anything relating to the matter, it was assumed from the Agent's remarks that the arrangement made with Mr. MacDonell when he made the entry (which you will observe covers part of two quarter-sections) was that the excess over 160 acres should be paid for at the current rate and as the price of Dominion Lands when Mr. MacDonell made entry was $2.50 per acre, he was advised that the purchase should be completed at that price.

This case is somewhat different from that in which a settler obtains an entry for a quarter-section which owing to a jog in the survey contains more than the usual 160 acres, and I see no reason why Mr. MacDonell should not becalled upon to pay for the excess in area as regards his homestead.

Yours truly,

John R. Hall Esq.,

Re: C.& E. Subsidy Grant

Your File 389589

Dear Sir:

We have your letter of May 29th with its enclosure and advice that this underrights patent will issue to William Preston as the nominee of the the Calgary & Edmonton Railway Company.

We are instructed by the Calgary & Edmonton Railway Company to advise the Department that William Preston is not the nominee or assignee of the Railway Company with respect to these minerals, patent for which should therefore be issued to the Calgary & Edmonton Railway Company. We would therefore respectfully ask that no further action be taken by the Department until say August 1st next in the direction of issuance of patent to these underrights to any other than the Calgary & Edmonton Railway Company. By the date named, we shall hope to have submitted to the Department complete proof of our client's claim, so that underrights patent may issue accordingly.

The request for patent, copy of which you enclosed, was intended, we submit, by all parties concerned, as limited to the surface. William Preston was our client's purchasers under Agreement expressly reserving the mineral rights. We can produce the original of this Agreement for the Department's inspection. At the time request for patent was made, the Crown disputed our client's rights to the minerals, which was only settled by the judgment of the Privy Council (1904 Appeal Cases, Page 765) but the Department received and acted upon the request as not extending to the minerals, and so far as we are aware, the surface patentee has never made any claim thereto. Certainly no proper claim could be made by him in the face of the express conditions of the Agreement of Purchase.

If the Department is not prepared to concede our client's claim to the minerals forthwith, we shall hope to be advised by return that the matter will stand in its present position meantime.

Yours truly,

Dear Mr. Davis,

Re Calgary & Edmonton Railway
Land Subsidy.

In connection with the issue of the patents for the minerals underlying the lands scheduled hereunder it is found that the requisitions for the issue of the surface patents in the names of the nominees were made by the Calgary and Edmonton Railway, whereas the Agreements of Sale, which you recently forwarded to the Department, were made by the Calgary and Edmonton Land Company.

The sale of these lands to the nominees having been made by the Calgary and Edmonton Land Company, it is assumed that the lands were assigned by the Calgary and Edmonton Railway Company to the Calgary and Edmonton Land Company but the assignments have not been filed in the Department. Before patent to the minerals in these lands can be issued to the Calgary and Edmonton Land Company, it will be necessary that the assignments under which the Land Company acted in the disposition of the surface be filed with us.

In reply to your memorandum of the 12th August, last, I would refer you to subsequent correspondence in this matter, and particularly the letter of Messrs. Woods, Sherry, Collisson & Field of the 25th September. In this connection I might state that the lien for $325.00 is evidently a duplicate registration of a lien for a similar amount given by George Boomer on the security of the land above described, and covered by discharge forwarded to the Registrar on the 19th July, last. In view of the communication above referred to and accompanying evidence, representing that Marshall Boomer had no beneficial interest in the above described land, acting only in the capacity of administrator, it would therefore appear that the lien for $280.30 made by Marshall Boomer on the security of the N.E.36-3-25 W4th illegally clouds the land above described, and it would be in order to remove same.

Re: Account of Marshall Boomer
NE¼ 36-38-26 W. 4.

The matter of an application for an adjustment of indebtedness outstanding against the above mentioned party is referred to you, constituted as a Board to deal with such cases. Having completed an investigation I am now in a position to report as follows:

In 1915 seed grain amounting to $288.30 was advanced to Marshall Boomer on the security of the above mentioned land. Payments of $25.00 and $100.00 were received in 1925 and 1929, respectively, and applied to the interest. The present standing of this account is:-

Principal	Interest	Total
$ 288.30	$ 465.00	$ 753.30

Patent was issued in the name of Marshall Boomer for the N.E.¼ 36-38-26 W. 4, on the 18th of April 1900.

According to an Abstract of Title dated the 10th of January, 1956, this quarter-section of land now stands in the name of a Mr. Archie Boomer of Blades, Alberta, clear of any encumbrance.

As the lien is not registered against the land land and there is no further security for the advance, it is recommended that the indebtedness be cancelled.

W. J. Taylor.

Sir,

I beg to acknowledge the receipt of your letter of the 5th instant, and in reply am to say that the Department has no power whatever to relieve you of the performance of any portion of the homestead duties required under the law and a free patent cannot be issued in your favour until these duties have been fulfilled.

Under the circumstances the best that can be done for you would be to allow you to purchase your homestead at the minimum price of $1. per acre in lieu of the performance of any further duties. Should you wish to take advantage of this suggestion, an application to that effect will be considered. Of course the land may be paid for in scrip.

COMMISSIONER

Sir;

Mrs. Mary Algar Rennick of the S.W.1/4 of 34 - 20 - 1, west of the 5th, widow of the late David Ernest Rennick of the N.W.1/4 of 34 - 20 - 1, west 5th, called at this office yesterday and gave notice that she desired to make application for patent. I ascertain from her that during the time that she was not residing upon her own homestead, since the 15th June, 1897, she has been residing upon her deceased husband's homestead, the N.W.1/4.

I have a memo on file from Mrs. Rennick which shows the residence put in by her on the S.W.1/4 referred to as follows; six months between the 15th June, 1897, and the 15th June, 1898, and about 5 months between the 15th June, 1898, and the 15th June, 1899. Mrs Rennick is under the impression that the ~~time~~ residence put in on the N.W.1/4 should count.

Be good enough to inform Mrs. Rennick, as special acts what further she will reuire to do in order to obtain her patent, and furnish this office with a copy of the letter.

In any case she must not be entitled to apply before the 15th June next

Memorandum :-

Some time ago Mr. W. H. Blake applied to be allowed to purchase the South East quarter of Section 31, Township 9, Range 1 West of the 4th Meridian, lying east of the Old Man's River, containing an area of 150 acres. At the time he applied the land was included within the limits of the ranche under lease to Mr. McEachren, of the Walrond Ranche, and therefore when the application was made it could not be dealt with. Since then the lease has expired, and so far as I am aware there appears to be no reason why the land applied for should not be sold on the usual terms of one quarter cash, and the remainder in three equal annual instalments with 6% interest.

Mr. Blake has a homestead for that portion of the North East quarter of Section 29, and a part of the North West quarter of Section 28, lying east of the same river, for which he has already received a patent. He requires this land in connection with an irrigation scheme.(Ref. 30318 T&M).

Memorandum.

Mr. F. S. Blake was permitted in July, 1897, to purchase the S. E. ¼ of 32--9--1, W, 5th, lying east of Old Man's River, at the current rate. He, however, failed to avail himself of this privilege, and was subsequently allowed to lease the land. He now renews his application to purchase; and asks that the quarter-section be valued by a homestead inspector, as he claims it is only fit for grazing purposes.

This land still under lease to Mr. Blake, but the lease will not interfere with its being sold or homesteaded.

The Agent at Lethbridge asked in June last whether the said S. E. ¼ of 32 and that part of the N. W. ¼ of 28 in the same township not disposed of to Mr. Blake might be located under Half-breed land scrip (file 700146).

Mr. Blake's homestead embraces the Westerly three-quarters of Legal Subdivisions 12 and 13 of the said Section 28 and that portion of the N. E. ¼ of Section 29 east of the Old Man's River.

The balance of the N. W. ¼ of 28 is vacant in the records of the Department and contains 100 acres, and the S. E. ¼ of 32 contains 150 acres.

I think the Agent might be told that an 80 scrip may be located on the remaning 100 acres of the N. W. ¼ of 28, the locatee or his assignee to purchase the excess of 20 acres at the current rate; and that an 160 acre Scrip

J. C. Turriff, Esq., may

Commissioner of Dominion Lands.

may be applied on the S. E. ¼ of 32, containing 150 acres.

The Walrond Ranche Company applied in 1901 to purchase the vacant portion of the N. W. ¼ of 28, but no action was taken in the matter, and the Company do not evidently intend to renew their application. (file 226241).

It is probable that Mr. Blake is the person on whose behalf the Agent is inquiring as whether scrip may be located on the lands mentioned; but, if not, I think as he (Blake) was formerly allowed to purchase the S.E. ¼ of 32 at the current rate, he might now be permitted to carry out the purchase at that rate.

Sir,

Replying to your letter of the 17th July last renewing your application to purchase that portion of the S. E. ¼ 32--9--1 W. 4th M., lying East of Old Man's River, I am directed to say that in June last the Agent of Dominion Lands, at Lethbridge, asked whether this quarter section and that part of the N. W. ¼ 29 in the same township, not disposed of to you, might be located under half-breed land scrip. Your homestead embraces the Westerly three quarters of Legal Subdivisions 12, and Lot 13 and that portion of the N. E. ¼ of 29 lying East of Old Man's River. The balance of the N. W. ¼ 29 is vacant in the records of the Department and contains 100 acres, and the S. E. ¼ 32 contains 150 acres. The Agent was instructed that 90 acres scrip may be located on the remaining 100 acres of the N. W. ¼ 29, the locator or his assignee to purchase the excess of 20 acres at the regulation price of $3.00 per acre; and that an 160 acre scrip may be applied on the S. E. ¼ 32, containing 170 acres. It is thought probable you are the person on whose behalf the Agent is making enquiry, if so, it would be well for you to place yourself in communication with him, but if you are not, the Agent has been instructed that you may purchase the S. E. ¼ 32 at the regulation price of $3.00 per acre and on the usual terms.

Sir.

I wish to purchase the S.W. 1/4 28.-9-1 West of 5th. Mr. any homestead already entered to acres of this 1/4 section contains 160 land acres more or less.

The town agent at Lethbridge informs me that this land is subject to sale, but that I may locate an 80 acre scrip on it and buy the remaining 20 acres.

It is almost an impossibility to get Half-Breed. And it is granted that I obtain this land. I may add that the said land is fully worth $4. per cultivation. Even better.

Memorandum.

Mr. F. C. Blake made application in October last to purchase the portion of the N. W. ¼ of 28--9--1, W. 5th, M., not included in his homestead; and was told that his application could not be entertained as the land was not for sale, but that scrip for 80 acres might be located thereon, provided the excess area was purchased and paid for in full by the locator or his assignee at the time of location at the regulation rate of $3 per acre.

Mr. Blake now writes stating that it almost impossible to procure Half-breed scrip, and that it is essential for him to have the land applied for, which is wholly unfit for cultivation; and urges, therefore, that his application be re-considered. He adds that he has been located on his homestead, which has been patented to him, for 15 years.

The parcel applied for, which contains 100 acres, is shown on the sketch hereunder. You will observe that Mr. Blake's homestead includes the balance of the quarter-section as well as that portion of the N. E. ¼ of 29 east of the Old Man's River.

Mr. Blake was permitted on the 9th Sept. last to purchase the S. E. ¼ of 32 in the same township at the current rate of $ 3 per acre, and has paid $113.25 on account.

Mr. Turriff,

Dominion Land Commissioner.

Dear Sir:

F. S. Blake of Livingston, Alberta has a homestead, which comprises fraction north east quarter 29-9-1-5 and L. . 12 and 13 of N. W. quarter 28. Mr. Blake is anxious to buy the remainder of 28, about one hundred acres, as it adjoins his other land. There is no water on it and it would be useless to any one as a homestead. Mr. Blake has been refused to purchase this one hundred acres on the ground that he had already been allowed to purchase a quarter section of land besides his homestead, but Mr. Blake points out, that when he purchased the quarter in question, it was some where about ten years ago, then there was practically no restriction on the purchase of land and it seems to me ~~of course~~ very truly that this should not operate against his right to purchase land adjoining his actual homestead, especially when the circumstances are as they are, that is, that the land that he desires to purchase not being suitable for a homestead, can only come into occupation through purchase by an adjoining homesteader and as he is an adjoining homesteader and wants to purchase, it seems to me it would be sound policy to let him have it.

Kindly ~~put the number for construction on~~ Mr. Blake's application and let me have your decision for transmission to him.

Yours respectfully,

THE ASST. SECRETARY.

Dear Sir,-

I beg to acknowledge the receipt of your letter of the 8th instant, in reference to the application of F. S. Blake, of Livingston, Alberta, to purchase the balance of a quarter section that he has homesteaded. There does not seem to be any ground whatever for granting his request. As pointed out, he has already been allowed to purchase a quarter section. You are mistaken in saying that this was ten years ago. In 1897 he was given permission, but he did not avail himself of it until a few years ago, when he was allowed to carry out the purchase. This is a fractional piece of land, and, of course, is not likely to be taken as a homestead entry, but as these lands are not held for sale, it causes more or less dissatisfaction when others are refused if one man is singled out and allowed to purchase two parcels; otherwise there would be no objection to selling him the fraction.

COMMISSIONER

J. Harvey, Esq.,
Asst. Director.

Re Unpatented portion of S.E.¼
16-48-25-W.4th M.

Mr. W. T. Russell secured patent on the 27th May, 1907, to 137.49 acres, the above mentioned quarter section not covered by the waters of the lake.

In April last Mr. Russell wrote the Department stating that the water of the lake had now receded and had become dry and arable land and requested that the area so acquired should be added to his homestead.

In view of his representations an Inspector's report was called for which has now been received and in this the Inspector states that at the time he visited the land there was about two inches of water on the S.W. corner, but it was due to a heavy rainfall. He also states that the portion was less than 10 per cent only, worth about $5.00 per acre and he would recommend that a supplementary patent be issued to Mr. Russell.

The secured area consists of 22.51 acres according to the Technical Division.

In view of the representations made I beg to recommend that supplementary letters patent issue for the above area which would give the applicant title to the full quarter section containing 160.00 acres, provided he file with the Department evidence that he is still the registered owner of the patented portion of the quarter section.

☞ Address your reply to the Commissioner of Dominion Lands, Winnipeg.

Sir,

In reply to your letter dated the 24th ultimo, File 392408, I beg to inform you that the homestead entry of Mr.T.R.Haddon for the N.W.¼ of Section 24, Township 56, Range 24, W.4.M., was cancelled upon the application of A.B Hewitt, the Land Board Order being dated the 29th February last, and reads as follows -

"Cancellation to be carried out and re-entry "granted to the applicant on payment of $20 fees and $30 "for the improvements for benefit of Government."

It appears by a report from Mr.Forest Ranger Coleman, dated 12th February, that Mr.Haddon was not in residenc on his homestead, and apparently had not performed any residence in accordance with the requirements of the Act, and there are no improvements reported with the exception of a frame shanty, 14 x 16, valued at $30. Mr.Coleman remarks that he is informed that Haddon was leaving the country, and was offering his shanty for sale.

Under these circumstances, it would appear that the conditions of the homestead law had not in any way been complied with, and Mr.Haddon's entry was clearly liable to cancellation.

I am sending a copy of this communication to the High Commissioner's Office for the information of Mr.Colmer

In reply to a notice sent to Mr. Charles Michie that the second and third instalments, amounting to $200, with interest, due on his pre-emption, the N.W.¼ 6--21-- ,W.3, would become due on the 25th April last, he asked that a reduction in the rate per acre be made, and was told that as the records here showed the land to be of first class quality the price could not be reduced. He writes, in reply, under date the 17th ultimo, that although the records might show the land to be of first quality, the land spoke for itself and is for the greater part wholly unfit for anything except grazing. He also enclosed a military bounty warrant which was issued on the 6th September, 1893, in favour of Mr. Arthur W.E. Stimpson for his services as a scout during the rebellion of 1685, and asked to be informed of its value.

I observe from a letter dated the 16th February, 1894, addressed to Lt.-Col. T.S. Sarwis at Calgary, who had sent the warrant in question to the Department, that such warrant was returned to him, and that he was informed that as Mr. Satchell, whom Mr. Stimpson had appointed as his substitute, could not apply it in payment of his pre-emption, there was no objection to Mr. Stimpson re-executing the agreement on the back of the said warrant in favour of any person he might elect to be his substitute. It was also pointed out to him that the time for locating these warrants had expired on the 31st December, 1893, but that it was the intention of the Minister to ask Parliament to

Jas. A. Smart, Esq.,
Deputy Minister of the Interior.

J. A. S. 2.

to extend the time until the 1st January, 1894. Although this extension was granted, the warrant was not made use of and cannot now be located, as the time for doing so expired on the 1st January, 1896. Mr. Stimpson apparently cancelled the power of substitution endorsed on the warrant. The warrant could only now be accepted by the Department in payment of Stimpson's pre-emption had he one, ~~such warrant~~ not being transferable; or it might be exchanged for a military scrip note for $80 upon Stimpson making a request to that effect.

Sir,

In reply I am to say that this warrant, which was originally issued in favour [illegible] was transferred to one [illegible], was returned on the 1st January, 1904, to Lt.Col. Parwis, who had forwarded it to the Department, with an intimation that as Mr. Tatchell would not apply it in payment of his preemption there was no objection to Mr. Gibson re-executing the [illegible] in favour of some other person he might name as his substitute. At the same time Col. Parwis was informed that the time for locating these warrants had expired on the 31st December, 1903, but that it was the intention of the Minister of the Interior to ask Parliament to extend the time until the 1st January, 1905. This extension was sanctioned by Parliament, but the warrant was not made use

Mr. Simpson has apparently cancelled the transfer on the back of the warrant without making a new transfer, and it would only now be accepted by the Department in payment on his own preemption if he had one, this privilege not being transferable; or it might be exchanged for land in scrip by Mr. Simpson making application to the Department to that effect. Such application would be accepted by the Department as a payment on account of any Dominion lands to the extent of the amount of the warrant herewith returned.

RECEIVED

Sir

Kind enough to have me informed as to amount of balance owing by me on Pre-emption NW¼ Sec. 26. T21. R1 W5th.
(Sale No 1829.)
I entered for the land in Spring of 88 made a first payt of $112
Is there any possibility of getting Homestead time on balance. I ask you honourably in full confidence as a supporter of the present Govt since there are rumours that Concessions re Pre-emption lands may be given, and like many more I am loth to make a cash settlement if it can be avoided. The land referred to lies on the foothills and has only a grazing value.
I can lease adjoining land at 2.5 per acre and consider it an injustice being charged 6 p.c. on $100 for a similar advantage. More discrimination should be shown between agricultural & grazing lands. I think that Reforms might reasonably and advantageously be made in the Land Dept at the present time.
Trusting you will concede me the full benefit of yr authority. in
I remain
Yrs respt Chas Mickie

Referring to your letter of the 25th instant, Ref.11334, I am directed to say that although Mr.John G. Collins appears to have located on the South half of the Section 20, Township 21, Range 5, West 5th M. before survey the adjoining Township in Range 4 had been subdivided, and there should have been no difficulty in ascertaining upon what section he had squatted. Of course, if he desires to do so, he is at liberty to make application to the Hudson's Bay Company to relinquish the land the land to the Crown, and to take other land of equal value in lieu of it in order that Mr. Collins' claim may be considered.

Referring to your letter dated the 7th instant, addressed to Messrs Ive and Company, Calgary, in reference to the claim of J.F. Collins to the S.½ of Section 26, Township 24, Range 2, W.5th., I am directed by the Commissioner to say that he observes from the township plan that Mr. Collins was evidently in occupation of the land mentioned prior to survey, and he inquires whether your Company would be willing to relinquish it and to take Crown in order that it may be available for entry by Mr. Collins.

If pre-emption entries have been taken out, it, of course, Mr. Collins cannot obtain patent for one quarter section as a homestead unless the Collins claim is on the S.E. of the Section, I assume that is the quarter a quarter section in that way, so that if the half-section is taken up by your Company, Mr. Collins would have a purchase from the Government the S.E.¼ at the current rate of $2 per acre. Possibly your Company would be willing to make a sale of it at the same rate, and thus render it necessary to make an exchange of one quarter-section only.

Collins, a squatter on the SE1/4 in advance of survey. Before we can recognise Mr. J. A. W. Sir,

With reference to your letter of the 21st April last, No. 34832, Ref. 327691, addressed to Messrs. Cave & Company, Barristers, Calgary, a copy of which was referred here, I beg to say that the title to the South East quarter of Section 26, Township 24, Range 3 West of the 5th Meridian, was passed to the Hudson's Bay Company by letters patented in the schedule of Alberta townships in the South Alberta Land Registration District as appears from the Departmental letter of the 8th instant, Ref. 143149-5 the purchase money for the land having evidently been remitted to that Company. If such is the fact, of course Mr. Collins, who is the squatter upon the south half of this section, will have to look to the Company for his title. Mr. Collins does not appear to have made entry for the South West quarter, which quarter section has been reserved from date of the notification of the passing of title to the Hudson's Bay Company mentioned, to be granted to him, the Company having received in place of this quarter section on the North East quarter of the same section.

The Department points out that Mr.Collins has not made entry for the S.W.¼, which you were advised in my letter above referred to is now available for entry by him. It seems very desirable that Mr.Collins should complete this transaction without further delay.

Sir,

With reference to your letter of the 21st April last, No. 355832, Ref. 320591, addressed to Messrs. Cave & Company, Barristers, Calgary, a copy of which was referred here, I beg to say that the title to the South East quarter of Section 26, Township 24, Range 5 West of the 5th Meridian, ~~which it appeared by the letter in question of the 6th instant~~ was passed to the Hudson's Bay Company by being included in the schedule of whole townships in the South Alberta Land Registration District, as shewn in Memorandum List of Patents, ~~of that date~~ (Ref. 153140-5) ~~which land, according to the letter in question it would appear that the m ney for the purchase of it had been remitted to that Company.~~ If such is the fact, of course Mr. Collins, who is the squatter upon the south half of this section, will ha have to look to the Company for his title. Mr. Collins does not appear to hav made entry for the South West quarter, which quarter section has been reserved from date of the ~~xxhxdxnxx~~ notification of the passing of title to the Hudson's Bay Company mentioned, to be granted to him, the Company having received in place of this quarter section, on the North East quarter of the same section.

Dear Mr. Sutherland;

I intended asking you to do me a favor when last in town but had not the opportunity. The patent for my ranche has been hanging fire for last 3 yrs, through no fault of of mine. Crispin Smith and Barge know the particulars and I am given to understand that a recommendation from you to head quarters would bring the whole matter to a climax.. As far as I can see there is no difficulty at all to overcome if the authorities would be less pig-headed and more obliging.

Thanking you in anticipation, I remain,

Sir;

Referring to yours of the 23rd ult., requiring patent for our purchase, the S. W. 1/4 of 25 - 24 - 5, west of the 5th, I do not think that this Department is at fault in the matter. Sir,

In reply to your letter of the 22nd ultimo, Ref. 11334, I am directed to say that the title to the S. E. ¼ of Section 26, Township 24, Range 5, West of the 5th Meridian, has been vested in the Hudson's Bay Company in lieu of the S. W. ¼, to which latter quarter-section the Company waived it's claim, and accepted in exchange therefor the N. E. ¼ of the same section on condition that Mr. Collins should purchase the S. E. ¼. The S. W. ¼ of the said section, which had been squatted on prior to survey by Mr. Collins, was entered for by him as a homestead on the 30th April, 1897; and, until he has received his recommendation for patent for this quarter-section, he is not, as you are aware, at liberty to dispose of, or agree to dispose of, his right thereto.

According to the Commissioner's letter of the 21st April, 1896, to which you draw attention, Messrs. Cave & Company, who were acting on behalf of Mr. Collins, were asked to state their reason for substituting Mr. J. A. W. Fraser's name for that of Mr. Collins for the S. E. ¼ of the section in question; but no reply to that communication has been received from them. In a subsequent letter to them dated the 2nd November of the same year they were told that the title to the S. E. ¼ had passed to the Hudson's Bay Company, and that their client would, in consequence, have to look to that Company for his title.

Sir;

I have the honor to enclose herewith an application for homestead patent of John Gerome Collins for the S.W.1/4 of 26 - 24 - 5, west of the 5th, duly recommended, regarding which there has been considerable correspondence.

In this connection see your file 392718. I also enclose an affidavit from Mr. J. A. W. Fraser of Jumping Pound, who purchased the same from Mr. Collins some years ago.

I would draw your attention to a mistake made by the Agent at Kamloops in dating the affidavit of Mr. Collins, 25th Oct., 1889, when it should have been 1898.

I would also draw your attention to the fact that the evidence of the witnesses in this case is not very strong, but the Township plan will show that Mr. Collins was a squatter before survey, had improvements, and that as the witnesses themselves lived a considerable distance away, they could not know all the facts, but I have not the slightest doubt that Mr. Collins performed sufficient residence and made the necessary improvements to entitle him to patent.

Mr. Fraser is a first class settler, has made extensive improvements and has a large number of cattle. He claims that at the time he purchased the land from Mr. Collins he was not aware that that gentleman was not in a position to dispose of the same to him and give him a proper title.

I notice by the Amendments ~~af~~ to the Dominion Lands Act, that the Minister has the power to condone the action of Collins in disposing of this land before making application for patent and I have recommended the application for that reason, as previous to the said amendments it was not customery to recommend an application under such circumstances. If the action is such that the Minister cannot condone the same, I see no other way out of the difficulty for Mr. Fraser but to apply to cancel the land with a view to making entry, but in that case he would require to put in three years further residence before he would be entitled to patent.

DOMINION LANDS COMMISSION,

Winnipeg. [illegible] 189[illegible]

This is a case of one J.G.Collins who settled in advance of survey on the N.½ 26--24--5 W. 5th. After some correspondence he was allowed to homestead the S.W.¼ and purchase the S.E.¼ from the H.B.C., who accepted the N.E.¼ in lieu of the former.

Collins application for patent has now come to hand. According to the evidence he has complied the duties, but he sold his right in the year 1[illegible] to one J.A.W.Fraser for the sum of $1,000. Fraser in his affidavit claims he was not aware Collins had no power to sell the land.

Under our ordinary practice this is a case that should go to the Minister to decide whether forfeiture should be waived, but it seems to me that there is another question involved, as to whether the concession on the part of the H.B.C. would have been made had they known that Collins had already sold out to Fraser. Our experience has been that the Company are not disposed to exchange lands unless

it is quite clear that a bona fide settler will be benefitted thereby. Collins has left the land and is now in British Columbia.

On the other hand Fraser may have acted in good faith in supposing that the transaction was legal, though it is pretty well known throughout the country that a homesteader cannot deal with his land until he obtains his certificate. Still, this having been H.B.C. land may have misled Fraser.

The error made by the A.D.I. Kamloops in dating the application 1899 instead of 1897 is clearly a clerical one. See letter of Calgary agent.

I beg to submit for your consideration the case of J.A.Collins, who has applied for a permit to cut on S.A.W.Fraser before receiving certificate of recommendation for patent.

It appears that Collins settled in advance of Survey upon what turned out to be the S.½ 21--24--5 W. 4th M. At the time of his entry he considered that he proceed to improve this land, and allow time to homestead Fraser to the S.W.¼ and allow him to homestead it. The requirement requires the question of payment, which pertains to the question of the limits of the settled alt. Collins has paid the entry fee for 1,1 W, and has applied for patent to the S.E. quarter, 1,1 W. According to the records the land has been completed, and the patent is now ready to issue upon payment of the usual fee of $2,00, and proclamation and upon proof to that effect. It

It is probable that Collins was not aware of the effect of his action, and entered into the agreement in ignorance of the risk he ran. This is all the more probable as the land was known as part of a Hudson's Bay section, and his promise to help Fraser to get title would seem to bear this out.

You may perhaps consider this a case in which you would be justified in exercising your right to waive forfeiture, and I beg to ask your directions in the matter.

Dear Sir:

S.W. ¼ S 26, Tp 24, Rge 6 W of 5th
Collins & Fraser

Herewith I send Quit Claim deed Collins to Fraser, as also certificate of naturalization of the former. You will perhaps not recollect that Collins made homestead entry & a recommendation for patent was made. In the meantime he assigned to J.A.W. Fraser & the issuing of the patent was delayed in order that the naturalization certificate should be procured.

I should be obliged if you would cause the patent to come to Mr Fraser without delay as he is anxious to obtain it.

Yours truly

IN THE SUPREME COURT OF THE NORTH-WEST TERRITORIES

JUDICIAL DISTRICT OF EDMONTON

IN THE GOODS OF

ANDREAS GABERT,

DECEASED.

BE IT KNOWN that on the 7th day of January A.D.1907 letters of administration cum testamento annexo of all and singular the real and personal estate and effects right and credits of Andreas Gabert late of Beaver Hills in the province of Alberta, who died at Beaver Hills aforesaid on or about the 25th. day of April A.D.1906 where he at the time of his death had his fixed place of abode, were granted by this Honourable Court to Friedrich Wilhelm Gabert of Beaver Hills aforesaid, he having been first sworn that he would faithfully administer the same by paying the just debts of the said deceased and disbributing the residue if any of the estate of the said deceased according to the terms of the said will and would exhibit a true and perfect inventory of the said estate whensoever required by law so to do.

Acting Clerk of the Court

LAST WILL.

IN the name of God, the Father, the Son and the Holy Ghost.

I, the undersigned Andreas Gabert, feeling my life's end approaching, have on the present day called into my house the undersigned men, and by full mind and consciousness let my last will write down.

I herewith nominate my four sons, that is: Friedrich Wilhelm, four and twenty years old, Samuel, twenty years old, Andreas Eighteen years old, and Gustav, ten years old, as absolute heirs of my movable and immovable inheritance, with exception of 5 cows, six sheep, three beds and the cooking stove, of which I bequeath two cows, two sheep and one bed to each of my two daughters, Luisa and Emilie, and one cow, two sheep, one bed and the cooking stove to my surviving wife, Emilie, (nee Miss Floch), and I furtner-more direct, that my two sons, Friedrich Wilhelm and Gustav, shall inherit the South-West quarter of Section eighteen (18), in township fifty-five (55), in Range twenty (20), West of the Fourth (4th) meridian, and my two sons Samuel and Andreas the South-East quarter of Section Thirteen (13), in Township fifty-five (55) of Range twenty-one (21), West of the Fourth (4th) meridian, under the terms, that my two sons Samuel and Andreas pay out to my two daughters, 1. Luisa, sixteen years old, and 2. Emilie Fourteen years old, Four Hundred Dollars ($400.00) in cash to each as inheritance out of the lands aforesaid, that is: Samuel Four Hundred ($400.00) Dollars to the elder daughter Luisa; and Andreas Four Hundred ($400.00) Dollars to the younger daughter Emilie, immediately after my daughters have become of age with the lawful interest thereon until paid and beginning one year after my death. And I bind my oldest son Friedrich Wilhelm according to my testament to pay to my surviving wife Four Hundred ($400.00) Dollars in cash out of the part of his lands. But, should my surviving wife be willing to stay with my son Friedrich Wilhelm, the Four Hundred Dollars devised to her shall remain in his hands. As interest for the said sum of Four Hundred Dollars my son Friedrich Wilhelm

has to contribute to her livelihood food and pasture for one cow and two sheep during winter and summer, as well as for the offspring of the cow and the sheep during the first six months after birth. In case of the decease of the cow the same has to be replaced by another. The same has to be done in case of the decease of the sheep. Furthermore to give her yearly 500 pounds of good "Strong Bakers" flour, also a fat pig of not less than 200 pounds of weight, also twenty-four (24), dozen of heneggs, also twenty bushels of good potatoes, and besides that ten (10) Dollars in cash from the Four Hundred ($400.00) Dollars aforesaid, a room for lodging together with dry and prepared firewood for the heating of the same. Furthermore to grant her an accessible room exempt from frost to be used for the storage of her potatoes. My wife has at the end of each year to acknowledge in writing to my son Friedrich Wilhelm the punctual delivery of the allowances aforesaid. But should my wife after sometime not be willing to stay any longer with my son Friedrich Wilhelm, then my son has the right to deduct from the payment of the sum of Four Hundred ($400.00) Dollars all those ten (10) Dollars amounts, which he might already have paid to her. As he has only to pay to her the balance, and to give back to her the cow together with two sheep cooking stove and bed. But should my wife stay with my son Friedrich Wilhelm until she dies, the my son is bound to bury her with Christian ceremonies, and to pay to her heirs Two Hundred ($200.00) Dollars only, in case this amount should remain after the yearly made payments of Ten ($10.00) Dollars. This payment has to be made at latest one year after her death.

My dwelling I devise to my son Friedrich Wilhelm exclusively but for that he has no hereditary right on the adjoining buildings.

As guardian for my four minor children that is: Andreas, Luisa, Amilie and Gustav, I nominate my eldest son Friedrich Wilhelm and my brother-in-law Julius Prohnau, who have to guard of the education and the behaviour of the said four minor ones.

As trustee for my surviving wife I nominate Samuel Kittlitz, who has to guard over the fulfillment of this my last will, and that my wife receives from my son Friedrich Wilhelm all her allowances, right and at the time when due.

Above will on five pages was, after it had been written down, read aloud and signed by the testator, the guardians, the trustee, the clerk and the witnesses.

Testator	Andreas his X mark Gabert.

	Julius his X mark. Prohnau
Trustee	Samuel Kittlitz
Clerk	Charles A. Albrecht

Dear Sir:

Re SW 30-56-18-4,
Demetro Maciborski, Deceased,
Dominion Seed Grain Advance.

In the year 1908 this party obtained an advance from the Dominion Government and no repayments having been made, the account stands as follows:

Seed Grain Principal	$85.00	
Interest	123.75	$208.75

The Department of Mines and Resources at Ottawa reports that he gave as security a lien against the above described land, which was not registered. In 1925 their inspector reported that Mr. Maciborski had died about three years before, and there was no chance of collecting.

There is, therefore, no security for this account, which I would recommend be written off in it's entirety.

Enclosed herewith find sketch shewing the improvements on Secs.11 and 12 - 12 - 28 west 4th meridian owned by the Winder Ranche Co.and Mr.Charles Sharples respectively. This is prepared from a track survey made by myself and will be found very accurate. The Ranche Co.threw up its lease some years ago and Sharples then built his house and stables on L.S.6 of Sec.12,thinking that he was on a different quarter section to that occupied by the ranche company's buildings. He then applied to homestead legal subdivisions ,6 and 7. I demurred on the grounds that it was giving .m both sides of Trout Creek,a policy not adopted where it can well be avoided. I would recommend that he be allowed to homestead L.S.'s. 6,7,10 & 11 of said section. The Winder Ranche Co.to protect its improvements would require to purchase L.S.5 & 12. It may be,however,that another company may by the present one out in a year or two,at least ~~them~~its improvements with a view to going into stock on a considerable scale,as this point is particularly well suited for stoc stock-headquarters,in which case the said company might require a much larger area,L.S.3 & 4 and possibly 1 & 2 might then

than be sold it,which would give it a very fine point for stock-shelter. By granting Sharples what I have recommended it would give him sufficient access to Trout Creek for the purposes of an ordinary settler and at the same time,not excessive.. There will be no trouble in disposing of the bal -lance of the section lying north of Sharples proposed homestead.

Please advise me with as little delay as possible if I may instruct the Agent of Dominion Lands to grant Sharples entry as suggested,which I would strongly recommend be done.

In the meantime, until you are heard from, the preparation of the patent has been stayed.

A homestead entry was given to Mr. Charles Sharples for Legal Subdivisions 6,7,10 and 11, of Section 12, Township 12, Range 28 West of the 4th Meridian. This land, you will observe by the sketch attached herewith, has no means of egress or ingress as it does not border upon any of the road allowances, being within the centre of the section. The recommendation for patent has been received, and the preparation of it has been stayed awaiting a solution of the difficulty. Mr. Pearce has recommended that a road way off the south boundary of legal subdivision 9, one chain in width, be laid out so as to meet the difficulty. Dear Mr. Rothwell,

A homestead entry has been given to Charles Sharples for the four legal subdivisions in the centre of a section and in order to give him means of egress or ingress, it is proposed to lay out a roadway, one chain in width, between legal subdivisions 8 and 9 as shown on the sketch on this file. The Deputy Minister directs me, if I see no difficulty, to prepare a memorandum to Council.

Would you kindly say what clause of the statutes should be mentioned in the report to Council as the authority for establishing this road and transferring it to the Territories. Whether it should be done under the Dominion Lands Act or under the North West Territories Act is not quite clear to me.

T.G.Rothwell, Esq.,

Law Clerk,

Department of the Interior.

Yours very truly,

Department of the Interior,

Ottawa, 13th January, 189?

Memorandum :- 394360 -

Dear Mr. Deville,

The present case is one for which no provision has been made in the "Dominion Lands Act" or its amendments, and as the homesteader, Charles Sharples, is legally entitled to a right of way to and from his homestead, the roadway which it is proposed to survey for that purpose should be authorized and established, under the provisions of paragraph "(h)" of Clause 90 of the Dominion Lands Act. The entry for the lands taken up by Mr. Sharples being made under the provisions of the Dominion Lands Act, and Mr. Sharples being entitled to egress and ingress from the lands in question, the Crown, as represented by this Department, is bound to afford the necessary way, since the usual road allowances do not afford him one. A right of way of this kind is termed "a right of way by necessity." Therefore, the provisions I have mentioned are, I consider, the correct provisions to cite in the memorandum to Council as authority to lay out, survey and establish this road way.

I cannot speak with the same certainty as to the provisions under which such road way, when established, is transferred to the Territories, but

after

after a careful examination of the provisions of Section 107 of the North West Territories Act, Chapter 50 R.S.C., Section 108 of the same Act as amended by Section 17 of Chapter 22 of 54-55 Victoria, Chapter 17 of 57-58, Section 6 of Chapter 15 of 55-56 and Section 17 of Chapter 17 of 57-58 Victoria, I have come to the conclusion that as this road is not a new one which is being opened in lieu of one to be closed, it may be considered to be a road allowance in a Township within the meaning of Section 107 of Chapter 50 R.S.C. In such case it becomes "subject to the direction, management and control of the Lieutenant-Governor in Council for the public use of the Territories" by virtue of such provisions, and without any further act either by the Governor in Council or otherwise.

When the Order in Council establishing the road way has been passed a copy of it should of course be transmitted to the Lieutenant-Governor of the Territories, but this action should of course be taken by the Secretary and not by you.

Possibly you may desire the Deputy Minister's approval of the views expressed in this memorandum. It has not been submitted to him by me.

Yours faithfully,

I asked Mr. Rothwell what statute had to be mentioned in the report to Council as the authority for laying out this road and transferring it to the Territories. In his reply underneath, he says that a right of way of this kind is termed "a right of way by necessity", that Mr. Sharples is legally entitled to it and that it should be established under the provisions of paragraph "(h)" of clause 90 of the Dominion L Act.

He cannot speak with the same certainty about the transfer of the road to the Territories, but he believes that it may be considered as a road allowance in a township, and as such will become subject to the direction, management and control of the Lieutenant Governor in Council under the provisions of the North West Territories Act.

Sir,

You are aware that the issue of the patent for your homestead, legal subdivisions 6, 7, 10 and 11 of Section 12 in Township 12, Range 28, West of the 4th Meridian, has been stayed pending the survey of a road allowance which Mr. Pearce, Superintendent of Mines recommended, upon the 30th November last, should be "laid off between legal subdivisions 8 and 9, that is off the south boundary of 9, or the northern boundary of 8, one chain in width, or one half from off each," as necessary to give egress and ingress from and to your homestead.

I am to inform you that in view of the amendments relating to road allowances in the Territories which were passed at the last Session of the Dominion Parliament, the survey of this road allowance is now a matter which must be attended to by His Honour the Lieutenant-Governor in Council at Regina.

A copy of this letter has been, therefore addressed to Mr. R.B.Gordon, His Honour's Secretary, with whom you should, therefore, communicate at once.

When the survey of this road allowance has been completed the preparation of your patent will be proceeded with.

One Charles Sharples has been granted as a homestead, Legal Subdivisions 6, 7, 10 and 11, of Section 12, Township 12, Range 28 West of the 4th Meridian, and has applied to be allowed to purchase at the rate of $1 per acre, Legal Subdivisions 8, 9, 14, 15 and 16, of the same section. Mr. Sharples has an irrigation ditch now constructed which will irrigate the homestead portion and the portion now being applied for. Mr. Pearce recommends Mr. Sharples' application to the favourable consideration of the Department. I suppose Mr. Sharples may be granted the same privileges as others have had in purchasing lands in that part of the country, that is that he may be sold the land at $1 per acre provided, however, that his irrigation ditch meets the approval of the Department before the patent issue.

Mr. Goodeve,

In reply to the enquiry you made, I may say that Mr. Sharples intended originally that he intended to apply for the portion south of the Creek. I understood him to say that he also desired to acquire the portion west of the Creek, as he did not wish to incur the expense of having a traverse made of Trout Creek.

Sir,

I am directed to say that when you were at the Department recently it is understood that you verbally intimated to Mr. Wyley, the Chief Clerk of the Timber and Mines Branch, that you intended to apply for the portion of [illegible] 4th W., lying South of Trout Creek, in addition to the portion lying North of the Creek, so as to avoid the expense of having a traverse made of the Creek. No application appears yet to have been received from you and I am to ask that you will kindly advise the Department what you wish to do in the matter.

Ref. 394366.

Ottawa, 2nd May, 1921.

To the Commissioner
of Dominion Lands.

Charles Charlies, of New Oxley, owns as a homestead Legal Sub-divisions 6, 7, 10 and 11, in Section 12, Township 19, Range 28 West of the 4th Meridian. He was permitted to purchase, under the Irrigation System, Legal Sub-divisions 8, 9, 14, 15 and 16 of the same section. He subsequently applied to purchase the portion of the section not covered by his homestead, lying north of Trout Creek, which was allowed. Mr. Charlies now applies to purchase all that portion lying south of the creek. That is to say, he desires to acquire the balance of the section. His object is to avoid having to go to the expense of a survey of the creek.

Trout Creek is one of those streams which Mr. Pearce, in his report of the 19th March, 1920, File 483[illegible]5, said should be traversed; and in the Charles Lehr case, File 623221, you ruled that we were to "dispose of only one side of creek in the meantime."

I think there is no doubt as to Mr. Charlies being a bona fide settler and requiring the land for his own use. Will you approve the sale of the south side,(the north side of the creek having already been sold) in view of the fact that he is irrigating the land, in

fact he has a ditch already constructed, and sell him what he now applies for at £3 an acre under the irrigation water. The land appears to be available in the books here, and it also clear in the Agency records. I see no objection to the sale being made. The Right Hon. J.M. The Secretary of State for India must be referred to. I have &c.

Sir,

Replying to your letter of the 13th ultimo, in which you apply to purchase that portion of 12--17--28 W. 4th M., lying south of the Trout Creek at $1 per acre, I am directed to say that, as the land is clear in the records here, if it is also clear in the Agent's records, he may dispose of it to you at the regulation price of $3 per acre and on the usual terms, under the Irrigation system, namely, giving you credit for the cost of the irrigation works on this amount not in any case to reduce the price below $1 per acre. The right of way of Mr. J. W. Stevenson's irrigation ditch will have to be reserved in the S.E.¼.

Department of the Interior,

Ottawa, 6th June, 1901.

Sir,

Referring to my letter of the 1st instant, enclosed to Mr. C. Charles, of Bow Valley, a copy of which was sent to you, in the matter of the renewal of his application to purchase that portion of section 11, township 18, range 22 west of the 4th meridian, lying south of the creek and outside of his homestead; I beg to say that the letter in question should have stated that it was the land outside of the boundaries on south of the creek; and it should further have stated that the application was approved in connection with a previous application to buy that portion not covered by the homestead and lying north of the creek. The effect to the department in this matter was that Mr. Charles agreed to acquire the balance of the section. Please to refer to my letter of the 27th February, 1900, enclosed to Mr. Charles, a copy of which was forwarded to you, informing him that the portion of the section not included in his homestead, and lying north of the creek, would be sold to him. What action has been taken in this latter matter? If only one side of the creek should be sold, it would not be possible to say accurately calculate the area of the creek; and in that event Mr. Charles would either have to wait until the stream were traversed by the department, or have work done himself by a D.L.S. Please advise me fully in this. Your file 2077

Mr Sharples does not appear to have taken any action on your letter of the 27 th. February 1900 except that on the 29 th. Ulto he paid me $ 48.00 in scrip as purchase money on the land he desired to be included in the sale.

Memo to Mr. Goodeve:

Please see what Mr. Sharples says in his letter of the 24th ultimo. His contention appears to be correct. We used to sell lands at $1 an acre, with irrigation conditions attached, as you will remember; then the Minister ruled that the price was to be $3, and a deduction to be made down to $1, if the improvements showed that amount.

Mr. Sharples writes to Mr. Ryley, and says that a Mr. Ross saw him (Ryley) last February, and was told that his wish would be carried out etc.

I presume we can acceded to Mr. Sharples' request ?

Memo to Mr. ~~Goodeve~~:

Charles Sharples, of New Oxley, has his homestead on L.S. 6, 7, 10 & 11, in Sec. 12, 12, 28 W. 4th. In 1897 he was allowed to buy, at $1 an acre under irrigation conditions, L.S. 8, 9, 14, 15 & 16 of same section. He did not, however, take advantage of the offer until quite lately. In the meantime the rule in regard to the irrigation sales has been changed. A man now has to pay at the rate of $3 an acre, and then he is credited with the value of the works.

Sharples has been permitted to buy the balance of the quarter section, not covered by his homestead, so that you will see he is really buying 480 acres; 280 acres at $3 an acre, with cost of works to be credited, and 200 acres at $1 an acre with irrigation conditions.

Mr. Sharples contends that he should be allowed to buy at the $1 rate that portion lying north of the creek; & according to the memo of 28th February, 1900, he appears to be right. I am afraid it will make some confusion in the accounts to have two different rates, and I would suggest the Agent and Mr. Sharples be told that the easiest way to adjust the a/c will be to charge the usual rate of $3 on the 480 acres, one quarter ($360) down, and the balance $1080 in by later payments, see 637705.

G.P.F.

Ref.394300.

21st August, 1901.

Memo to Mr. Goodeve:

Sharples' homestead is composed of L.S.6, 7, 10 & 11, in 12-12-28 W. 4th. In 1897 he was offered, at $1 an acre under irrigation conditions, L.S. 8, 9, 14, 15, & 16, but did not make payment. In the meantime the rule was changed and a man has now to pay at the $3 rate, and then to be credited with cost of irrigation works.

Sharples has been allowed to buy the balance of the quarter section, not covered by the homestead, i. e. 480 acres ~~xxx~~x. He now contends that he should only pay at the rate of $1 an acre for the land north of the creek. According to your memo of 23rd February, 1900, he appears to be right; but our letter of 27th idem calls for $3 an acre.

It makes a difference of course to him in making payment of the first instalments. If his contention be allowed, I presume he will pay for the five legal subdivisions, (320 acres) at $1 an acre, the fourth of which is $80; and the balance of 280 acres at $3 an acre, the fourth of which is $210, making $290 to be paid as first instalment. Whereas if the whole of the 480 acres are charged for at the $3 rate the first instalment will be $360. See 637705, Agent's letter.

Sir,

With reference to your letter of the 24th June last, asking that you be sold that portion of Section 12, Township 12, Range 28 West of the 4th Meridian, lying north of the creek, and not covered by your homestead, at the rate of $1 an acre with irrigation conditions attached; I beg to inform you that your request has been considered; but although you applied to purchase certain of this section some time ago, I am to point out to you that so far back as the 13th November, 1897, the Superintendent of Mines advised you that the Department had authorized the sale to you of Legal Sub-divisions 8, 9, 14, 15 and 16 at the $1 an acre rate, with irrigation conditions, and that up to the present time you have not paid, even the first instalment.

Under these circumstances the rate for the balance of the section, not covered by your homestead, will be $3 an acre, one quarter down, and the balance in three annual instalments, with irrigation conditions. You will be credited with the cost of the works up to $2 an acre, thus making the price a net $1 an acre. The Agent of Dominion Lands

I would understand from your letter that although this land has been sold to Mr Charles Shanks, that the right-of-way for our ditch has been reserved in such sale - This, we think, is only fair and just as our Memorial and Plan was filed with the proper authorities before sale to Mr Shanks - Mr Shanks, however, seems to be of opinion, that he has a title to the right-of-way as well as to the balance of this portion of Section 12, and has called upon us to pay him compensation for it - The whole question

Charles Samples is the owner by

Messrs. John and William Stevenson's application
to divert water from Trout Creek has led to the claim of
some dispute between themselves and Mr. Samples. By
letter of the 30th June, 1902 (copy below), Mr. J.S. Dennis,
the then Deputy Commissioner of Public Works, Regina,
wrote that the counsel of limitation by Messrs. Stevenson
would necessitate the construction of their ditch across
the whole of the S.½ of section 12, owned at that time,
and that on this property [illegible] by Mr.
Samples he did not consider that the Stevensons should
be granted any privilege in connection with the right

fact that they had already got a free passage across by
their abandoned ditch; and he considered that they be
called upon to deal with Mr. Samples in acquiring the
right of way for the ditch on the said location.

On the 31st August, 1905, the Department replied
to Mr. Dennis that the application was approved.

Gentlemen,

With reference to your letter of the 7th August last, in the matter of that portion of Section 12, Township 12, Range 22, West of 4th Meridian, lying south of Trout Creek, and the question of the right of way to the same, I beg to inform you that your original scheme of irrigation contemplated the diversion of water from Trout Creek on the S.E.¼ of Section 12, south of that creek. Your amended plan and memorial, however, show that you propose to extend your ditch up the stream taking water on the N.E.¼ of Section 2. This will necessitate the construction of the ditch across the whole of the South-east of Section 12, south of the creek, and as this property has been purchased by Mr. Sharples, it is considered that you should not be granted any privilege in connection with the right of way upon the South-half of the said section in view of the fact that the quarter section was already taken up by the aforesaid ditch; and the Department is of the opinion that you should deal with Mr. Sharples in acquiring the right of way for the ditch on the new location.

Summary brief submitted to Minister 7-4-1905.

29824 T.G.I.

Ottawa, February 26th, 1906.

MEMORANDUM:-

In accordance with your instructions I beg to submit the following report respecting the irrigation scheme of Mr. Charles Sharples.

On 10th July, 1896, Mr. Sharples submitted a memorial and plan for the diversion of water from Trout Creek on the N.W.¼ of Sec. 2-12-28-4 for the irrigation of part of Sec. 12-12-28-4 and part of Sec. 7-12-27-4. Authorization for the construction of the necessary works was granted on 28th September, 1896.

Mr. Sharples intended to purchase the S.½ of Sec. 7-12-27-4 from the Calgary and Edmonton Railway Company., but the land was sold by the company without notice to him, as he states, and it therefore became necessary for him to amend his plans by excluding those portions of Sec. 7 originally comprised in his scheme. The point of intake for the original ditch was destroyed by floods and a new point selected some distance farther up the stream. Mr. Sharples consequently filed a new general plan of his proposed works on 2nd December, 1904, and amended his memorial to agree therewith. The amended plans provide for the irrigation of 400 acres of Sec. 12-12-28-4, all lying north of Trout Creek, viz:-

160	acres	N.E.¼
90	"	N.W.¼
110	"	S.E.¼
40	"	S.W.¼

The scheme, as amended, was readvertised and a new authorization was granted on 24th June, 1905, a period of

Hon. Frank Oliver,

Minister of the Interior.

of one year being allowed for the completion of the new works.

The new works were constructed by Mr. Sharples but floods again washed out a channel near the headgate and a considerable volume of water (ascertained in July 1908 to be in excess of 20 second feet) escaped from the stream and overflowed from Mr. Sharples' ditch on to Section 11 of the same township in such a manner that the owners of that section were unable to cultivate their land, and it is further alleged that the action of the escaping flood water has washed away the soil from a portion of the E.½ of this section, which is now owned by Messrs. Green and Frost, and has thus rendered it permanently unfit for cultivation. Negotiations are under way between the Commissioner of Irrigation, Mr. Sharples and Messrs. Green and Frost, for the joint use by the latter of a portion of Mr. Sharples' irrigation works for the irrigation of the lands owned by them, but no understanding has yet been reached.

On the 5th inst. the Commissioner of Irrigation certified that the works had finally been completed in accordance with the plans filed and that all the lands affected by the scheme are owned or controlled by the applicant except the N.W.¼ of Sec. 2 and S.W.¼ of Sec. 11-12-28-4 and that application has been made for right of way over those quarter-sections, which are understood to be Crown Lands.

Mr. Sharples' homestead comprises Legal Subdivisions 6,7,10 and 11 of Sec. 12-12-28-4.

In 1897 Mr. Sharples applied to purchase L.S. 8,9,14,15 and 16 of the same section at the rate of $1.00 per acre and on 26th October, 1897, permission was given for the sale of the land, at the price mentioned,

provided

The irrigation conditions have been complied with, the works are completed and the Commissioner has valued them at $1713.30 and has certified that Mr. Sharples should be credited withthe sum of $788.65 as the proper proportion of the cost to be applied towards all the said Section 17 not covered by his homestead. As, however, L.S. 8,9,14 and 15 were sold at the definite price of $1.00 per acre it will be necessary to somewhat modify the proportion of the cost of the works to be credited towards the purchase of the remainder. The Commissioner will be asked to amend his certificate.

Sir:-

With reference to your letter of the 5th ult., your file 384, respecting the irrigation power of Mr. Charles Sharples and the lands to be purchased by him in Section 12, township 17, range 28, west of the 4th Meridian, I am directed to return to you herewith your certificate showing a credit amounting to $288.00 to Mr. Sharples on account of the purchase by him of all of the said Section 12 not included in his homestead.

Upon looking over the correspondence in connection with the sale of land to Mr. Sharples it is found that there were two sales. Local Subdivisions E.E. 14,15 and 16, containing 320 acres, were sold on the 12th of November, 1907, at $3.00 per acre with the proviso that the land or a portion of it should be irrigated. Local Subdivisions 1,2,3,4,5,12 and 13, containing 280 acres, were sold on the 4th of May, 1908, at the rate of $3.00 per acre, subject to the usual deduction on account of the cost of irrigation works. It therefore seems that Mr. Sharples should be credited with approximately $480.00 on the proper portion of the cost of the works instead of $288.00. I regret that you were not advised of the requirements of these sales at an earlier date. Please send and return your certificate as soon as possible.

I have no doubt that Mr. Cote's statement of the account is correct. I assumed, without verifying the calculation, that all interest due up to 9th April, 1902, had been paid when a credit of $432.00 was given on principal on that date. In this I was clearly wrong and it now appears that only Time Sale 5437 was then being dealt with, although authority for the sale of the other lands was of earlier date.

The account could be shown in another way without affecting the amount due, viz by crediting $1.00 per acre on the whole tract sold. From the fact that Mr. Sharples purchased 480 acres and paid $480.00 thereon it would appear that he intended to pay on that basis.

MEMORANDUM:-

In accordance with your instruction I beg to submit the following report respecting the irrigation scheme of Mr. Charles Marples and the lands he has applied to purchase in connection therewith, particularly those South of the river.

On the 13th July, 1903, Mr. Marples submitted a memorial and plans for the diversion of water from Trout Creek on the N.W.¼ of Sec. 9-11-28-4 for the irrigation of lands in that vicinity. Authorization for the construction of the necessary works was granted on 29th September, 1906. The scheme was subsequently amended as now provides for the irrigation of 400 acres of the said Section 12, lying north of Trout Creek. The works have been completed and the Commissioner has recommended the issue of the water license.

Mr. Marples' homestead comprises L.S. 6,7,10 and 11 of Sec. 12-12-28-4 and he has been granted permission to purchase the remainder of the section on the following terms:-

L.S. 8,9,14,15 & 16 = 320 acres, at $2.00 per acre. Date of sale--12th November, 1907,--on the condition that the land is to be irrigated.

MEMORANDUM:-

With further reference to my memorandum of the 28th ult. herewith, respecting the irrigation scheme of Mr. Chandler Sharples and the lands he has applied to purchase in connection therewith, I beg to state that, from the information available in this office, the sum of $0.00 is still due by Mr. Sharples on account of his purchase of 480 acres in Section 18, Township 18, Range 28, West of the 4th Meridian. Owing, however, to a misunderstanding on the part of the Commissioner of Irrigation as to the terms upon which Mr. Sharples was permitted to purchase these lands, his certificate of the amount to be credited towards the purchase price as the cost of the works has been returned for correction and it will be impossible to state precisely what balance Mr. Sharples still owes until the Commissioner's revised certificate has been received.

You will doubtless remember that there was some misunderstanding in this branch as to the amount due by Mr. Charles Sharples on account of the purchase of 480 acres in Sec. 12-12-28-4. Will you kindly answer the Minister's question as to the amount due by Mr. Sharples and whether payment has yet been made? I think files 26824 T.O.I. and 26280 are with you.
